Biozome™ is Only Available in Jobe's Organics® Products

Jobe's Organics are made with Biozome, a unique and proprietary blend of beneficial microorganisms. These microorganisms break down complex materials and minerals to improve long-term soil quality, helping roots grow to absorb nutrients plants need. Biozome naturally re-establishes a balance between plant and soil.

Jobe's Organics® is proud to provide you a full line of natural and organic alternatives. Jobe's Organics products provide all-natural options that can be used with confidence in the garden. Look for more of our full line of Jobe's Organics.

SPREAD

Jobe's Organics feed soil not just your plants when applied at the above rates.

Los fertilizantes Jobe's Organics no alimentan las plantas si no que es un enriquecimiento del suelo cuando se aplican en las indicadas.

Keep out of reach of children and pets. For best results use by expiration date stamped on the bag.

Mantenga fuera del alcance de los niños y mascotas. Para obtener los mejores resultados, utilice antes de la fecha de caducidad impresa en la bolsa.
