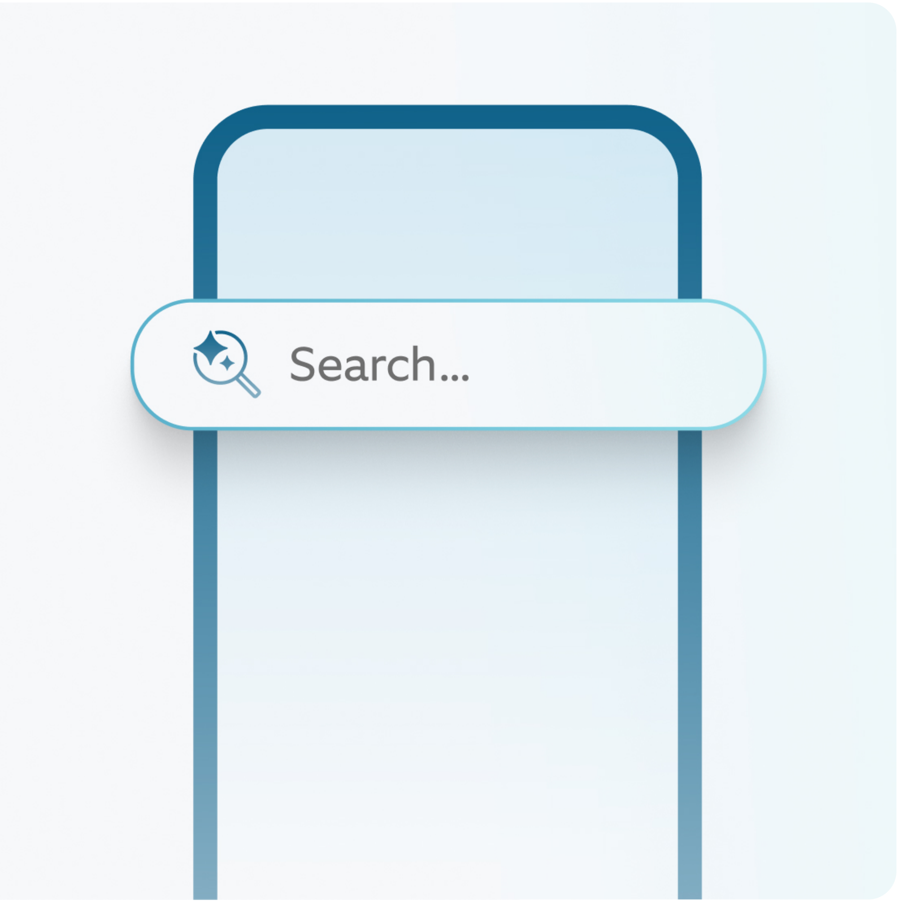
Ring Home

See more. Know more. Protect more.

Subscribe to Ring Home to supercharge your Ring experience with our most advanced video, intelligence, and security features.

Packed with features you'll use every day.

From reviewing past motion events[1] to Smart Video Search[Beta] fueled by Ring IQ[2], Ring Home Plans help you get more out of all your Ring devices with an eligible subscription.



New

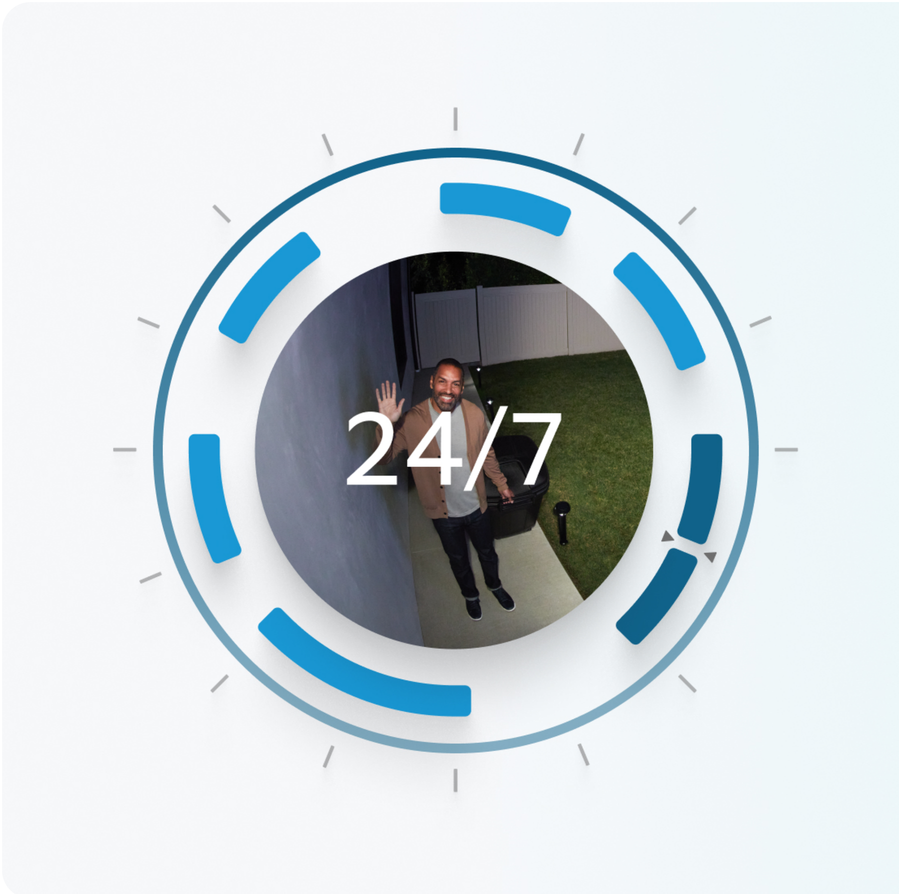
Smart Video Search[Beta]

With Ring Home Premium, find exactly what you're looking for with our Ring IQ-powered AI search tool that can identify just about anything in all of your camera's recorded motion events.[2] Available in beta for select customers only.

New

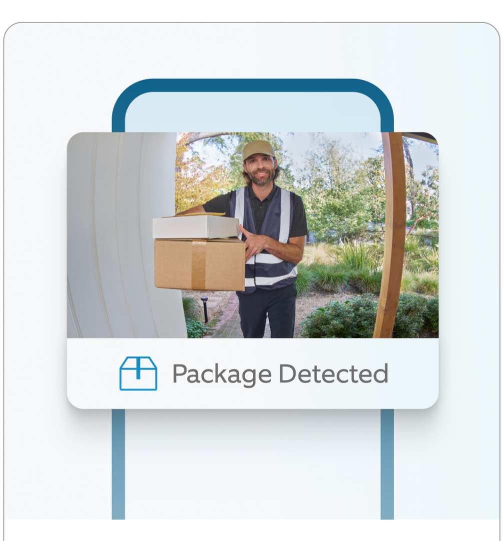
24/7 Recording

Day and night. All day. Every day. With Ring Home Premium, capture every moment—even things that happened outside your motion zones—on your eligible cameras.[3]



New

Doorbell Calls
Waiting on an important delivery? With Ring Home Standard or Premium, get an alert that comes in like a call when someone's at your door.



New

Video Preview Alerts
Know more at a glance with a short animated GIF preview of your camera's motion alerts.

180 Days of Video Event History
Record your motion events and scroll back through up to 180 days of your timeline to review the moments you missed.[1]

Want always-on peace of mind? Add it to your Plan.

Get 24/7 emergency fire, police, or medical response with either Alarm Professional Monitoring[4] or Virtual Security Guard[5] services when you add them to your Ring Home Standard or Premium Plan.

Compare Ring Home Plans.

Ring Edge for Alarm Pro	Store your videos, and more, locally on a microSD card, sold separately, in your Alarm Pro to keep them private and secure.			✓
SOS Emergency Response[9]	When emergencies arise or you need help, tap the SOS button in the Ring App to immediately request emergency services.			✓

New features roll out on an ongoing basis and availability may be contingent on app update timing. Learn more about the features included in each Plan at **http://ring.com/explore-ring-home.**

1 Your Ring videos in the cloud are stored temporarily, up to 180 days. Changing your video storage time will only affect videos that are recorded after you adjust your storage time setting. Check Ring.com/Plans for more information.

2 Ring Home Premium subscription required, sold separately. For customers in Illinois & Texas: Ring Smart Video Search is not available on Ring devices due to specific state legislation. Feature only available in English.

3 Available on select devices. Limited to 10 devices at one location. Not compatible with select features. Recordings are temporarily stored in the cloud, up to 14 days. This feature is dependent upon network connectivity and other factors. Learn more at ring.com/247-recording.

4 Professional Monitoring is an add-on plan that first requires a compatible Ring Home subscription. Both sold separately. Service available within the U.S. (all 50 states, but not U.S. territories) and in Canada (excluding Quebec). Ring does not own its monitoring center. Smoke and carbon monoxide monitoring is not available for business or commercially zoned addresses. See Ring Alarm licenses at: ring.com/licenses. Additional fees may be required for permits, false alarms, or Alarm Verified Guard Response, depending on your local jurisdiction.

5 Virtual Security Guard sold by Rapid Response. Virtual Security Guard is an add-on plan that requires a compatible Ring Home subscription and an eligible device. All sold separately. Purchasing Virtual Security Guard will give you access to Ring Smoke and CO Monitoring (not available for business or commercially zoned addresses) and Ring Alarm Professional Monitoring, both of which are sold by Ring and may also be purchased as separate add-on plans. Ring does not own its monitoring center. See Ring Alarm licenses at: ring.com/licenses. Additional fees may be required for permits, false alarms, or Alarm Verified Guard Response, depending on your local jurisdiction.

6 Subscription required, sold separately. Package Alerts (available for select Ring video doorbells) work best with medium-to-large shipping boxes. Envelopes, tubes, small boxes, and food deliveries may not be detected. Make sure you have Motion Detection enabled in the Ring app.

7 Terms and conditions apply. Discount may not be available in certain jurisdictions where devices are not sold on Ring.com.

8 A compatible Ring subscription required (sold separately). Alarm Cellular Backup uses a third-party carrier.

9 SOS is available within the U.S. (all 50 states, but not U.S. territories) and in Canada (excluding Quebec). Ring does not own its monitoring center. Additional fees and permit requirements may apply depending on your local jurisdiction.

10 Ring Alarm and all Ring Alarm accessories require a Ring Home Standard or Premium subscription (sold separately) for digital arming/disarming and certain other in-app features.

11 "Eligible Ring Devices" are Ring devices covered by an active subscription plan that includes extended warranty coverage, if the Ring device was under the 1-year manufacturer's warranty period at the time you added the device to your plan. In the U.S., in lieu of the Ring extended warranty, coverage plans are provided via a service contract administered by Allstate Protection Plans; terms available here. The cost for the Allstate Protection Plan is included in the cost of the Ring subscription plan. In the U.S., you have the option to purchase a standalone device protection plan on www.amazon.com.

12 Compatible Ring subscription required (sold separately). Extra data charges may apply. Cellular data provided by third party carrier. Backup power required during power outage. Visit ring.com/alarm-pro for details.
