12"x12" White Peel and Stick Wall Tile for Kitchen Backsplash, 10 Sheets Self Adhesive Tile Sticker

Description:

The 12" x 12" Vinyl Peel & Stick Tile are smart and unique products that will simplify your life. The tiles can be easily installed directly over existing panels or smooth surfaces. Specially designed for kitchen backsplashes and bathroom backsplashes, the tiles are resistant to the heat of stovetops and the humidity of bathrooms. This self-adhesive tile is lightweight and waterproof.

Features:

Easy Cut and Trim: The Peel-and-stick backsplash tiles are made of vinyl and can be effortlessly cut and trimmed with scissors or box cutters to fit around switches, sockets, and various shapes, ensuring a seamless installation.

Easy Installation: Easy to DIY, no specialized knowledge is required. Design the 3D wall stickers by yourself. Replace the boring wall, get a fresh look for your room.

Strong Adhesive: Our peel and stick backsplash tiles are equipped with a stable adhesive that guarantees a strong and long-lasting bond. Say goodbye to tiles falling off over time.

Easy to Clean: It can be easily wiped clean to remove stains. Wipe away any stains or spills with just a damp cloth, leaving your backsplash pristine at all times.

Versatile Application: Our peel-and-stick backsplash tiles are widely used in various spaces such as kitchen island walls, bathroom backsplashes.

Heat Shield: However, please note that while the tiles are heat-resistant, they are not fireproof. It is important to keep the tiles at least 10 inches away from open flames.

Increased Coverage Area: Includes 10 pieces of 12" x 12" x 0.04" peel and stick backsplash, which cover a larger area than the 10" x 10" x 0.04" tiles, Ideal for decorating walls in kitchens, bathrooms, bedrooms, laundry rooms, etc.

Safe and Cost-Effective: Crafted from non-toxic vinyl, Jeedeson's peel-and-stick backsplash tile offers a safe and eco-friendly solution for your home improvement needs. Its lightweight yet durable construction makes it a cost-effective choice without compromising on quality.

Recommended Surface: Ceramic Tile Wall; Glass Wall; Acrylic Panel; Painted Gypsum; Stainless; Laminate

Unique Design: Uses a flat design, but with a 3D visual effect
