Raised Bed & Container Mix ORGANIC

The NearSource Organics Story

95% of our total ingredients in this product are sourced within 100 miles of our production facility, helping to reduce overall carbon emissions for Fewer Miles Per Bag™ (MPB™).* Pretty cool right?

Our soil might look a little different because it's peat moss free. We source organic materials from as nearby as possible that might otherwise go to landfills. We age these materials and blend with organic nutrients to create organic soil that looks a bit different but grows awesome plants!

We put a QR code on the bag as a bridge to a world of content about projects, how to guides, and product info to help you be successful. Throughout history gardening has always been about community, and we believe that's still true. You're not alone!

We're doing things a little different here — join us and together we can change the world a bit, one garden at a time.

**Calculated by dry weight.*

La Historia de NearSource Organics

El 95% de nuestros ingredientes de este producto son obtenidos dentro de 100 millas alrededor de nuestras instalaciones de producción, lo cual ayuda a reducir las emisiones totales de carbono para Menos Millas Por Bolsa™ (MPB™). Bastante genial, ¿verdad?*

Nuestra tierra puede parecer un poco diferente porque no tiene musgo de turba. Nos abastecemos de materiales orgánicos lo más cerca posible que, de otro modo, podrían ir a parar a los vertederos. Envejecemos estos materiales y los mezclamos con nutrientes orgánicos para crear un suelo orgánico que se ve un poco diferente pero que produce plantas increíbles.

Colocamos un código QR en la bolsa como puente a un mundo de contenido sobre proyectos, guías prácticas e información de productos para ayudarlo a tener éxito. A lo largo de la historia, la jardinería siempre ha tenido que ver con la comunidad, y creemos que eso sigue siendo cierto. ¡Usted no está solo!

Estamos haciendo las cosas un poco diferentes aquí: únase a nosotros y juntos podemos cambiar el mundo un poco, un jardín a la vez.

**Calculado por peso.*

BENEFITS

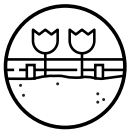
Ready to use — no mixing
Listo para usar: sin mezclar

Ingredients sourced nearby — typically within a 100-mile radius for fewer carbon emissions
Ingredientes de origen cercano: generalmente dentro de un radio de 100 millas para reducir las emisiones de carbón

Peat moss free — ingredients with a focus on sustainability
Ingredientes sin musgo de turba con un enfoque en la sustentabilidad.

HOW TO USE

Planting In Raised Beds:
Para plantar en canteros elevados



Fill raised bed to 2" below the top while wetting the mix thoroughly with water.
Llene el contenedor hasta 2 pulgadas (5 cm) por debajo del borde superior mientras humedece completamente la mezcla con agua.

Planting In Pots: *Para plantar en macetas*

Cover the bottom of the pot with NearSource Organics Raised Bed & Container Mix, pressing firmly on soil.
Cubra la base de la maceta con NearSource Organics Raised Bed & Container Mix, presionando la tierra de manera firme.

Gently remove plant from container, loosen roots, and set so root ball is 1–2" below pot edge to leave room for watering.
Retire con suavidad la planta de su contenedor, aflojando las raíces, y colóquela de manera que la masa de raíces quede de 2.5 a 5 cm (1-2 pulgadas) por debajo del borde de la maceta para dejar espacio para regar.

Continue to fill pot with NearSource Organics Raised Bed & Container Mix, pressing firmly on soil as you go.
Siga llenando la maceta con NearSource Organics Raised Bed & Container Mix, presionando la tierra de manera firme mientras la va llenando.

1 bag fills a 2 sq ft raised bed @ 9" depth
1 bolsa llena un arriate elevado de .2 metros quadrado a 9 pulgadas profundo

1 bag fills approximately three 12" pots
1 bolsa llena aproximadamente tres macetas de 30,48 cm (12 pulgadas)

WHAT'S INSIDE

INGREDIENTS:

This product is regionally formulated with organic materials (including one or more of the following: processed forest products, recycled forest products, arbor fines, humus, rice hulls, composted dairy manure, and/or compost), horticultural perlite, dolomite lime (pH-adjuster), and organic fertilizer (see below)

In Georgia, this product contains: 85-95% processed forest products, horticultural perlite, dolomite lime (pH-adjuster), and organic fertilizer (see below)

In New Hampshire, this product contains: processed forest products, humus, horticultural perlite, dolomite lime (pH-adjuster), and organic fertilizer (see below)

In Texas and Oklahoma, this product contains: processed forest products, horticultural perlite, dolomite lime (pH-adjuster), and organic fertilizer (see below)

In Idaho, this product contains: processed forest products, horticultural perlite, dolomite lime (pH-adjuster), and organic fertilizer (see below)

In Oregon, this product contains: processed forest products, composted dairy manure, horticultural perlite, dolomite lime (pH-adjuster), and organic fertilizer (see below)

In California, this product contains: compost, composted dairy manure, horticulture perlite, processed poultry manure, dolomite lime (pH adjuster), and organic fertilizer (see below)

Also contains plant nutrients: (0.3-0.1-0.1)
