Instructions & Assembly Guide

Thank you for choosing this Stand Up Weed Puller Tool. This guide provides setup, usage, and care instructions to help you get the best performance from your tool.

Assembly Instructions:

1. This tool comes pre-assembled and ready to use. No tools are required.
2. Check that the bamboo handle is firmly attached to the steel claw head.
3. Ensure the 4-claw design is secure and free from damage before first use.

Usage Instructions:

1. For best results, water the soil before using the tool to soften it.
2. Position the 4-claw steel head directly over the center of the weed.
3. Step down on the foot lever to push the claws into the soil around the weed roots.
4. Tilt the handle toward you to grip and pull the weed out with its roots.
5. Dispose of weeds and repeat the process as needed. Ideal for softer soils, not recommended for hard clay or rocky surfaces.

Care & Maintenance:

Clean the claw head after each use by rinsing with water and drying thoroughly. Store the tool in a dry place to protect the bamboo handle and steel head. Avoid prolonged exposure to moisture to prevent rust or wood damage.

Warranty:

This product is covered by a 30-day limited warranty from the date of purchase. Defects in material or workmanship under normal use may be eligible for replacement or refund. This warranty does not cover damages caused by misuse, alterations, improper storage, or normal wear and tear.
