Expandable Width 7.8 Feet

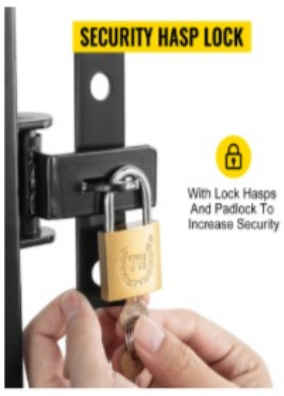
The width of our single folding gate can expand from 0.3' to 7.8'. Height:7.25'. It offers physical protection for your assets, belongings, or goods, giving your property a professional look.

Sturdy G14 Channel Steel

The metal fence security gate is constructed of 3/4" 14 gauge channel steel, durable for long-lasting use. Its black powder-coated finish prevents rust, and zinc-plated rivets resist corrosion.

360° Rolling Wheel

The rolling wheels on the bottom of the expanding security gate have max flexibility to swing up to 360 degrees for a clear-opening/ closed state, while with its brake to instant fix the position.



Security Hasp Lock

The barricade gate comes with specially designed lock hasps to match the secure padlock. And with three keys enclosed to the padlock for in case, you can use it in the entrance without any worries.

Easy Installation

The accordion gates can be either recess or surface mounted and are equipped with mounting hardware for easy installations. Just drill some holes and mount correctly on the cement or concrete walls.

Extensive Application

These accordion doorway gates can control access to hallways and receiving doors without affecting ventilation or visibility. Widely used for door securities of the basement, garage, storefront, etc.
