EVERMARK STAIR PARTS WARRANTY STATEMENT

Evermark has the following limited warranty:

Evermark, LLC provides a limited transferrable warranty on its stair parts and hardware for a period of 1 year from the date of purchase against manufacturing defects only. The warranty is extended to the original purchaser and to the next subsequent owner of the dwelling in which the stair parts were originally installed.

The following conditions are required:

- All Evermark stair parts should be stored and installed in climate-controlled environments, free from excessive humidity and temperature variations.
- Allow any unfinished wood to acclimate to the interior climate before finishing, or damage/warpage may occur.
- Installed according to applicable local building codes.
- Any product included in a warranty claim must be made available for inspection by a representative of Evermark.

The following exclusions apply:

- Warranty does not cover demolition, shipping, re-installation or finishing the product.
- In no event shall Evermark be liable for any direct, indirect, incidental, or consequential damages resulting from any defect in the product(s).

Improper storage, prolonged storage, improper installation, and handling will void this warranty.

At the discretion of Evermark, we will either refund the original purchase price of the product or replace the product with the same product.

Building codes vary from state to state or county to county. The interpretation of the code also varies from location to location. Evermark makes no express or implied warranty that our products comply with your local building code. The Evermark warranty is contingent upon the proper use of the parts and correct installation methods. To maintain warranty, products should not be altered from the original build specification without consultation from Evermark.

Claims made under this warranty must be made in writing to:

Evermark LLC
