Experience Stable and Efficient Creation in Your Pottery Studio!

The 450W high-power direct-drive motor provides ample power, ensuring the pottery wheel runs smoothly in all working conditions. Adjustable speed of 50-300 RPM allows for precise speed control and more versatile creations.

The direct motor drive ensures the ceramic wheel operates smoothly at both low and high speeds. This stability results in more uniform and consistent pottery pieces, reducing the time needed for adjustments and corrections.

LCD Display Screen
Real-time Display, Precise Speed Control, Forward/Reverse Adjustment

Variable Speed Pedal
Adjust Speed Anytime, Free Your Hands

The potters wheel features a waterproof LCD screen that is touch-sensitive even with clay-covered hands, user-friendly for beginners. The LCD touchscreen allows for precise control and speed display. You can also use the foot pedal for adjustments, freeing your hands to focus on your work.

Whether you want to showcase your skills in a workshop or engage in DIY creations at home, our pottery wheel with foot pedal is the ideal choice. It also makes a thoughtful gift for family and friends who love pottery.

Our clay wheel comes with an 8-piece stainless steel toolset, an 8-piece wooden toolset, and a waterproof apron to prevent clay from soiling your clothes. You can easily carve and shape to your heart's content.
