TIPS

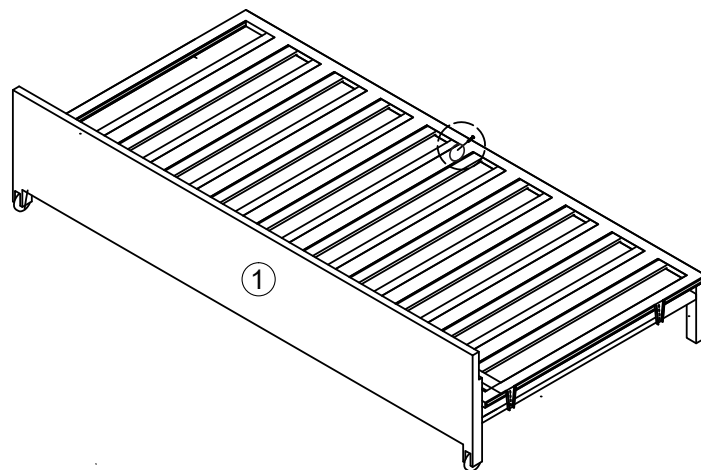

We are a furniture seller who places great emphasis on customer experience.

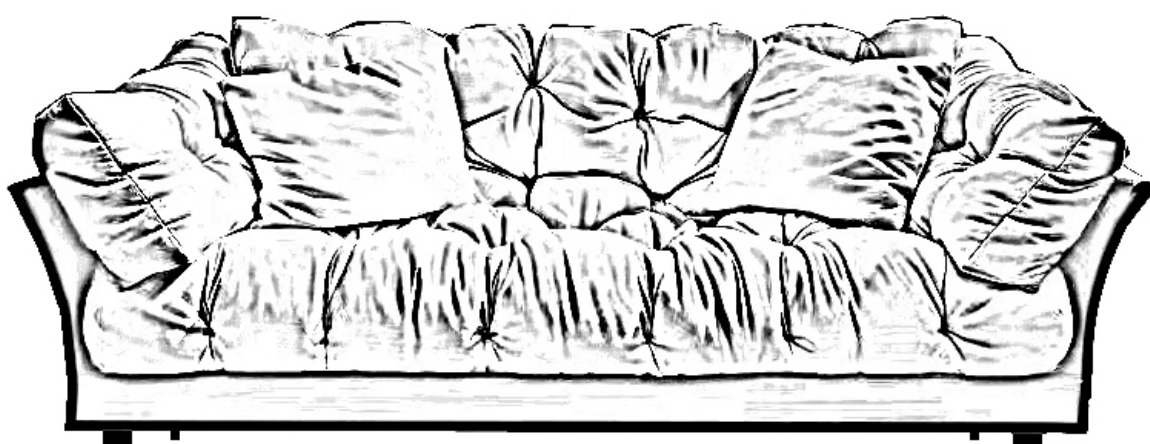

When using as a sofa, if you feel that the seat will slide and open, you can perform the following operations. Please scan the code to watch.

The Sofa Body has a reserved hole that can be inserted with a bolt (M8 * 60MM), so that the sofa will not slide.

When using the bed, remove the bolts and it can be used normally.

By the way, when making a sofa, it usually doesn't slide. If you are confused, you can do this. We hope you can understand our intention, thank you!
