

## Folding Wagon Cart Assembly Instructions

Stand the wagon upright.

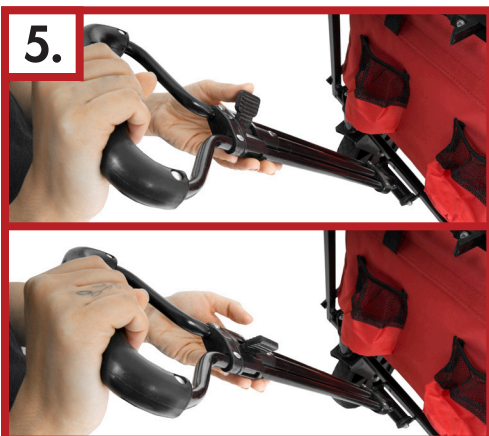

Expand the cart by pulling each side away from each other. The sides of the wagon should straighten and the bed of the wagon should flatten.

Cover the top cross of the frame with the flap on each side.

Pull the handle away from the frame to see the adjustment lever.

Unlock the handle to adjust the length by switching the lever to the right.

Pull out the handle to your desired length and switch the lever back to the left to lock in place.

Your wagon is ready to use!

## Folding Wagon Cart Storage Instructions

**1.** Empty your wagon and pull the tab in the middle of the wagon bed.

**2.** Continue to pull the tab until the wagon frame is completely folded in.

**3.** Align the wheels to face the same way and press the wagon together to fully fold the frame.

**4.** Place in your car or closet for easy traveling and storage!
