

Use and Care Manual

Installation: Make sure you have received the complete beach chair accessories, including the chair body, armrests, cup holders, beach towels, portable backpack and installation tools. Assemble according to the installation instructions.

Use: After finding the right spot on the beach, you can adjust the gear of the beach chair according to your comfort level. Whether lying down or sitting, you can find the most comfortable Angle. Place a beach towel under a chair or over your body to protect it from sand and direct sunlight. Make sure you are in a safe position, away from waves and dangerous areas.

Clean: Use a mild cleanser and water to wash the beach chairs. Do not use bleach or strong acid and alkali solution to avoid damaging the material. After cleaning, make sure the chair is completely dry before using it.

Check: Check the components of the beach chair regularly, such as armrests, cup holders, etc., to ensure that they are secure and reliable. Replace or repair loose or damaged parts in time.

Storage: When not in use, fold the beach chair and place it in a portable backpack in a dry, ventilated place. Avoid placing the chair in a damp or dark environment to avoid mold or rust.
