Bedford Precision – Warranty

Products marketed under the Bedford® Brand are designed and specified in Bedford Hills, NY by Bedford Engineers. These products are carefully engineered to work and last, and we strive to manufacture as many products as possible in the USA. The legendary quality is guaranteed, and the products come with a twenty-four (24) month warranty against manufacturer defects. With the exception of any special, extended, or limited warranty, Bedford will, for a period of twenty-four (24) months from the date of sale, repair or replace any part of the equipment determined by Bedford to be defective. This warranty applies only when the equipment is installed, operated and maintained in accordance with your equipment's operating manual.

We guarantee that our products are of the highest quality at a value price below OEM.

Bedford shall not be liable for:

- General wear and tear
- Malfunction, damage or wear caused by faulty installation, inadequate or improper maintenance, negligence, accident, or tampering
- Products sold from an unauthorized seller
- Shipping damage
- Damage not caused by a defect in material or workmanship while in the possession of consumer
- Acts of God, such as fire, flood, hurricanes, earthquakes and tornadoes
- Freight and Insurance cost for the warranty service

This warranty is conditioned upon the return of the equipment claimed to be defective to an authorized Bedford distributor for verification of the claimed defect. Bedford will inspect the equipment and if a defect in material or workmanship is found, repairs will be made at a reasonable charge. In the event of defective product returns, Bedford will send Return Merchandise Authorization (RMA) and will provide you with mailing instructions to return equipment and the RMA.

Disclaimer of Implied Warranties; Limitation of Remedies

This is Bedford's sole warranty. Bedford disclaims all other warranties whether express or implied.
