

Product Name: 1.5” Rockwool Starter Plugs for Hydroponics, Rockwool Grow Cubes
Dimensions: 1.5" x 1.5" x 1.5"
Material: Natural rocks, neutral pH, sterile.
Key Features:

20% air space when saturated; absorbs nutrients, retains oxygen for rapid root growth.

Faster initial rooting, guaranteed firmness; predrilled holes ease seeding/propagation (easier than soil).

Applications: Rooting cuttings, cloning, seed germination; for hobby and commercial growers.

Warranty: Email via order page for support (24hr response); 100% refund if unsatisfied.
