

# HOME DECORATORS COLLECTION®

## TOPPER CARE/SETUP INSTRUCTIONS

Place topper on flat surface and carefully remove plastic wrap. Product has been in a compressed state and will return to its original shape in approximately 48 hours (sometimes longer, depending on colder climates). Allow the topper to reform naturally. Do not force open. Yellowing may occur to the memory foam over time, this in no way will affect quality or performance.

**Note:** Toppers are designed to be slightly smaller than your mattress to allow enough space for sheets to fit properly.

DO NOT MACHINE WASH OR DRY THIS MEMORY FOAM TOPPER

### COVER CARE:

Remove Cover and Spot Clean  
Use Mild Detergent  
No Chlorine Bleach
