IMPORTANT

1. Do not tighten bolts / screws completely until all bolts / screws are lined up and inserted into holes.
2. Do not over tighten screws and bolts to avoid stripping.
3. Please use hand tools to assemble this product. Do not use power tools.

Step 1

Patience grasshopper, don't screw the legs in just yet - only place the wood dowels in for support. This will help for step 2, keeping part B in place, especially if you're assembling solo.

Step 2

Support metal should be placed flush like the illustration below.

Step 3

Ok, the time has come! You can screw the legs in and carefully flip the table over (we recommend grabbing a friend for this step).

Ta-da! Is it time for pizza yet?

You

We really don't want you to go through the hassle of re-packaging your item
and sending it back, because let's be honest...nobody has time for that.

Safety first, fun later

We want your Telos Desk to last as long as possible, so we recommend that you tighten the screws 2 weeks after assembly and for added safety check the tightness of all screws every 2 months.

For proper care and treatment of wood please check our website at NathanJames.com/products

Safe use of this product starts with you.
