AFCI Troubleshooting Guide

CAUTION

Working with live electrical equipment could result in death, personal injury or property damage. This troubleshooting guide is meant to be used by a qualified electrician or technician in accordance with local and national electric codes.

Preface:

This guide provides basic procedures for troubleshooting Arc Fault Circuit Interrupters and associated electrical equipment and circuits. Should you need further assistance with diagnosis of an electrical issue please contact Eaton's Residential Products Technical Resource Center:

Phone: 1.800.326.9513

↳ Option 1: Technical Support

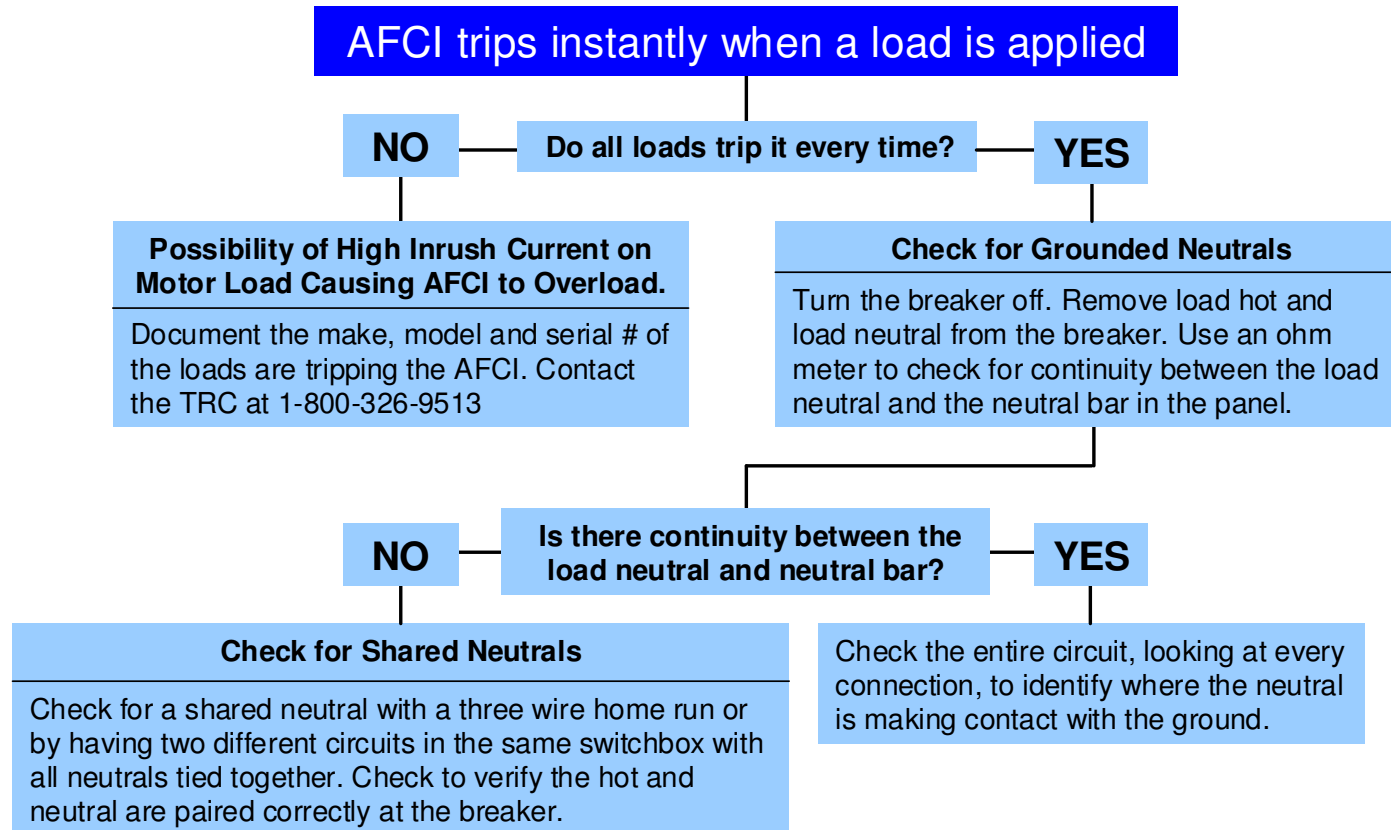

↳ Option 1: Arc Fault Circuit Interrupter

↳ Option 2: Ground Fault Circuit Interrupter
