

## WELLMADE PEBBLE TILE MAINTENANCE

Pebble Tiles are a low maintenance flooring, although proper maintenance procedures play an important role in the upkeep of all floors. A well maintained floor contributes to the lasting beauty of your floor. With a few moments of care and a little common sense, you can keep your Pebble Tile floor looking like new, year after year.

- Wipe up food and other spills immediately, before they get sticky or dry. Then wipe the floor dry with a dampened cloth.
- Your Pebble tile floor should be swept with a soft bristle broom on a regular basis.
- When wet mopping, most flooring retailers have products designed for cleaning tile floors, please contact your retailer for best recommendations.
- In order to protect you floor, it will be best to seal the grout using a grout sealer recommended from your retailer.
- Exterior entrance mats should be used to capture most of the harmful dirt. Throw rugs or small sections of carpet just inside the entrances are also helpful.
