

*Skip delivery and enjoy your best homemade pizza ever! This kit includes everything you need to turn your grill into a pizza oven. The Round Pizza Stone bakes up crisp crusts, while the Aluminum Pizza Screen gives you a cushion of air between the stone and pizza, ensuring your toppings cook at the same rate as your crust. The Wooden Pizza Peel is ideal for putting your uncooked pizza into the oven or for serving, while the Folding Aluminum Pizza Peel is best for removing cooked pies. Finally, slice and serve with matching Soft Grip Handled Rocking Pizza Cutter and Pizza Server.*

### ROUND PIZZA STONE WITH FRAME

Enjoy the same quality of food baked in a professional brick lined oven in your backyard or kitchen at home. Baking stones are perfect for pizza, bread, pastries or any other baked goods, eliminating hot spots while cooking, and produce uniformly browned crust. Baking stones are also convenient for heating and re-heating ready-made frozen pizzas and baked goods.

**CARE:** Ceramic baking stone is very durable though caution should be exercised to avoid thermal shock that may crack the stone. Do not expose the stone to extreme temperature changes, such as placing the hot stone into cold water or placing a frozen pizza onto the hot stone. There is no need to soak the stone in water before use.

To clean, scrape off excess food with a spatula. When the stone has cooled, run it under hot water while scrubbing with a brush. Do not use soap on the stone as it may leave a soapy aftertaste. The natural properties of the baking stone will cause it to darken and spot with age – do not attempt to remove this discoloration. Air-dry the stone and store inside the oven.

**WARNING:** STONE WILL GET HOT! USE OVEN MITT OR GLOVE WHEN HANDLING. IF USING TO SERVE, PLACE ON HEAT-SAFE SURFACE.

### ROUND PIZZA STONE WITH FRAME

Bake crispier crust pizza and breads at home

Contains one oven-safe 15 in (38.3 cm) baking stone and one wire handle frame

### WOODEN PIZZA PEEL

For assembling & placing your pizza on the stone

Solid wood - 20 in X 12 in (50.5 cm X 30 cm)

### FOLDING ALUMINUM PEEL

Folds easily for portability and storage

12 in X 14 in (30 cm X 35.5 cm)

### WOODEN PIZZA PEEL

Pizza peels are essential for transferring pizzas to and from a hot stone! This medium sized wooden pizza paddle is made of solid hardwood. Don't forget to dust the peel with cornmeal to help slide the pizza dough to and from the peel. Can also be used to serve finished pies.

**CARE:** Hand wash with a mild dishwashing detergent, rinse, and dry immediately. Do not soak. Do not use abrasive scrubbers. Not dishwasher safe.

### FOLDING ALUMINUM PEEL

A peel is an absolute necessity for the pizza oven. This pizza peel folds for easy storage and portability, making it more portable than other peels so it can easily go wherever the portable oven or portable grill with pizza stone goes

**CARE:** Hand wash with soap and water. Not dishwasher safe.

**CAUTION:** MAKE CERTAIN KNOB IS FULLY TIGHTENED BEFORE USING TO CARRY PIZZA.

### ROCKING PIZZA CUTTER

Cutting a pizza into neat slices has never been faster or easier with this rocking pizza cutter! The stainless steel blade cuts through your pizza as you use the soft-grip TPR handle to rock the cutter back and forth in quick, efficient motions.

**CARE:** Hand wash with a mild dishwashing soap, rinse, and let air dry. Do not use abrasive scrubbers. Dishwasher safe.

**WARNING:** BLADE IS SHARP. HANDLE WITH CARE.

### PIZZA SLICE SERVER

Serve up your fresh-baked pizza with this soft-grip pizza slice server. The TPR handle gives you a firm, comfortable hold on the server as the stainless steel blade slides under the pizza to separate it from your cutting board, pizza pan, or pizza peel.

**CARE:** Hand wash with a mild dishwashing soap, rinse and dry immediately. Do not use abrasive scrubbers. Do not soak. Dishwasher safe.

### MESH PIZZA SCREEN

Cooking pizza on a mesh pizza screen allows air to circulate, promoting even baking and a crisper crust. It eliminates the need for a pizza peel.

**CARE:** Hand wash with soapy water, rinse, and dry.

**WARNING:** SCREEN WILL GET HOT! USE OVEN MITT OR GLOVE WHEN HANDLING.

### ROCKING PIZZA CUTTER

Soft grip handle and stainless steel blade

13.75 in X 4.5 in (35 cm X 11.4 cm)

### PIZZA SLICE SERVER

Soft grip handle

Stainless steel head

### MESH PIZZA SCREEN

Aluminum mesh promotes air circulation for even baking and a crisper crust

16 in (40.6 cm) diameter
