Feature Model
11" LowPro Decorative Flushmount
3 CCT Color Preference©
56572115

Product Overview

ETi Solid State Lightings LowPro Decorative Flushmounts with 2000K Accent trim are designed to easily install into either existing Junction box or can-less drywall opening (using optional remodel box accessory). The 11" and 13" Decorative Flushmounts are available with white, oil rubbed bronze*, or brushed nickel finish

Each Flushmount features our proprietary NightlightR technology which adds a 2000K very warm accent feature. User can select white light or 2000K accent by toggling wall light switch

All models feature our patented 3 CCT COLOR PREFERENCE® Technology with field selectable CCT
