

HD Camera

Full HD resolution with 1080p HDR ensures a crystal-clear image, so you don't miss any important details, day or night.

Weatherproof

Built to work in heat, cold, rain, or snow. Designed without batteries to withstand extreme weather with IP65 waterproofing and dust protection, and can operate between -25 and 45°C (-13 and 113°F).

Apple HomeKit, Alexa, and Google Home compatible

With whole home chime, you'll hear your doorbell projected through any Alexa-, HomeKit-, or Google Home compatible speaker, your ecobee Smart Thermostat Premium or camera, and even your phone or tablet.

Smarter detection

With advanced detection, Smart Doorbell Camera can tell the difference between visitors and packages waiting at your door.

Light loop

An LED light that surrounds the Smart Doorbell Camera button and changes color based on certain functions (recording, pairing, person detection, etc.).

The smart doorbell camera that sees what others can't.

Head-to-toe field of view

ecobee Smart Doorbell Camera has an expansive 175° vertical field of view and a 187° diagonal field of view so you can see visitors and deliveries right up against your door, day or night.

Your privacy

Your video content is kept private with our two-factor authentication system, and we encrypt your data safely on the device before sending it to the cloud.

Easy install

Install using our intuitive mobile guide. If you need extra help, our customer support team is there to take you through the process. Includes mounting plates, two wire extenders, a chime adapter, and screws.

Smarter alerts

Smart Detection, powered by multiple layers of intelligence and advanced radar verification, means you only get notified for people and packages¹, so your phone doesn't send false alerts from passing cars or blowing leaves.

Seamless integration

With a seamless connection between Smart Thermostat Premium and Smart Doorbell Camera, you can choose between 5 different doorbell chimes, remotely answer the door, view a live stream of the camera, facilitate two-way talk, and more.

Designed to withstand the test of time

Smart Doorbell Camera is built without batteries so it can handle extreme temperatures for always-on security and is backed by an industry-leading warranty.

¹Package detection requires ecobee Smart Security subscription.

Size and weight

5.35in x 1.85in x 1.14in
(136mm x 47mm x 29mm)
0.85 lbs (380 grams)

Image sensor

5MP

Zoom

8x Digital Zoom

Video

1920 x 1080 pixels, up to 30 fps
4:3 portrait aspect ratio
24/7 live view
Night vision
HDR

Field of view

180 Degrees diagonal
(175 degrees vertical,
115 degrees horizontal)

Night vision

Two high powered wide angle infrared LEDs with IR Cut Filter
Viewing distance up to 30 feet away

Audio

Built-in far field two-way talk with noise cancellation
High-quality speaker and microphone

Lights

RGB LED status light ring
RGB LED status indicator
2x Infrared LEDs for night vision

Weather resistance

IP65

Operating temperature

-25 and 45°C (-13 and 113°F)

Mounting

Locking mount
20-degree wedge to change viewing angle

Power

Must be connected to a
16-24 VAC, 10VA minimum,
60 Hz doorbell transformer
See Compatibility Requirements
Guide for more information.

Wireless

802.11 a/b/g/n/ac (2.4 GHz and 5GHz) Wi-Fi
WEP, WPA, WPA2, WPA3 encryption
supported

Bluetooth Low Energy (BLE)

Connectivity requirements

High-speed broadband internet and Wi-Fi
connection with at least 2 Mbps upload
speed per camera

ecobee app

Recommended: Phone or tablet running iOS
or Android with Bluetooth Low Energy (BLE)

Chime compatibility

Works with most mechanical and digital
chime boxes, see Chime Compatibility
Guide for more information

Security

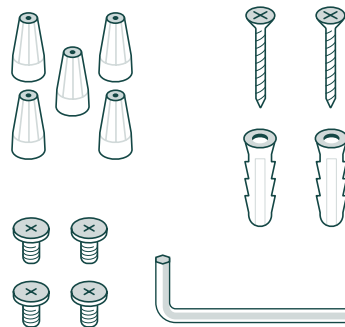

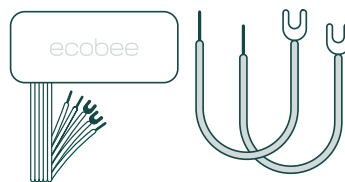

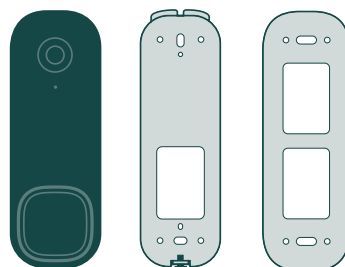

On-device detection
Secure boot
TLS/SSL with 128-bit AES
1-month free ecobee Smart Security
subscription with purchase

Detection

Motion, person and package detection*
with advanced radar verification

In the box

ecobee Smart Doorbell Camera
Mounting plates
2x wire extenders
Chime adapter
Wire connectors
Screws
Allen key

Integrations

ecobee Smart Security, Apple HomeKit,
Amazon Alexa

Warranty

3-year limited

Sustainability

Lithium-Ion battery in Chime Adapter, see
