

Use & Care Guide

Milton Blow Guns have been developed for use in any pneumatic air system. They come in a variety of sizes and tips, and have all been designed to be industry leading in performance and durability. Milton blow guns are of the highest quality, and provide your system with a tool that produces simply better air.

There are a variety of sizes and configurations of Milton blow guns available today. Each Milton blow gun is engineered to provide a safe and steady stream of air for the application you are using it for.

Turbo Blo-Guns

Milton Turbo Blo-Guns meet OSHA standard 1010.242(B). The aluminum body is lightweight and durable, and they allow for maximum flow for easy clean-up and blow off of even the heaviest shavings and chips. The turbo blo-guns have a nozzle kit available that gives you the options of an adjustable, high volume and fan spray nozzle.

Safety Blo-Guns

Milton Safety Blo-Guns are OSHA compliant. They are efficient with all regulated compressed air lines with a maximum PSI of 150. Milton offers extensions for this line from 4" to 4'. These feature a lever control valve with a 2 way valve for use on air, fluid and vacuum lines. Milton also offers a series of these blo-guns with rubber tips to avoid scratching the surface of the areas in which you are using the blo-gun.

Comfort Grip Blo-Guns & Pistol Grip Blo-Guns

The Milton Comfort Grip Blo-Guns and Pistol Grip Blo-Guns allow for variable air volume with the easy squeeze of the trigger grip on the blo-gun.

Adjustable Aluminum Pocket Blo-Guns

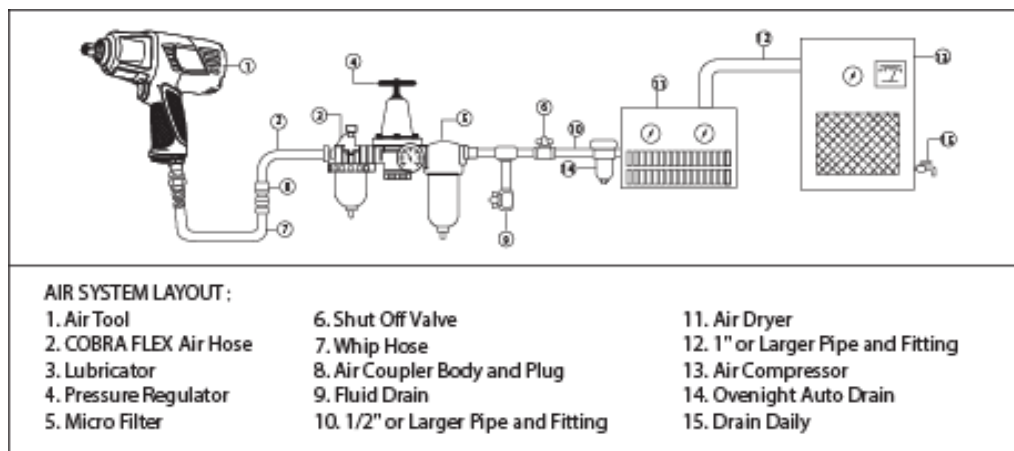

These blo-guns have been designed to quickly attach and detach from the air system and fit into your pocket. Available in M, A, T and L style these blo-guns are rated for SCFM 15.9 @ 100PSI.

Use & Care Guide

Care & Maintenance

- Keep children and others away while operating compressed air systems.
- Keep the blo-gun dry, clean and free from oil and grease. Always use a clean cloth when cleaning.
- Operate blo-gun in an open area and away from any objects that could restrict the flow of air to ventilation openings.
- Do not operate blo-gun near fire, flammable liquids or in gaseous or explosive atmospheres.
- Always wear eye protection.
- Always wear ear protection.
- Always use in a safe area away from traffic and other dangers.
- Before each use, always check blo-gun and air system all hoses and components for any weak or worn conditions and make certain all connections are secure. Do not use if a defect is present.
- Do not over stretch air hose.
- Never point a blo-gun toward yourself, others or animals.
- Always use the blo-gun for its intended use only. Do not alter or modify the tool or system.

WARNING: COMPRESSED AIR CAN BE DANGEROUS - Never allow children to use inflator or gauges. Never leave inflator unattended while running. Never over-inflate items. Over-inflation could cause property damage or personal injury. Check manufacturer's recommended inflation pressure before starting the inflation process.

Use & Care Guide

LIMITED WARRANTY

Every Milton product is subject to a limited warranty, to the original purchaser only, to be free from defects in material and workmanship. Subject to certain exceptions referenced herein, Milton Industries Inc. will, at its option, replace or issue credit for a Milton product which, after examination, is determined by Milton to be defective in material or workmanship for a period of one (1) year after the date of purchase (certain Milton products carry a limited warranty of up to 3 years as indicated on that product). Milton customers must contact our Global Customer Service team to obtain an "RMA" (Returned Merchandise Authorization) form before sending any product back for credit or replacement. Return the product, copy of proof of purchase, and pre-approved "RMA" Number listed on the outside of the box to the Milton factory (address listed below), freight prepaid and insured. This limited warranty does not apply to damage Milton determines to be from repairs made or attempted by anyone other than Milton Industries Inc. authorized personnel, misuse, abuse, normal wear and tear, lack of maintenance, or accidents. Milton products which have been damaged due to being dropped, with a cracked or broken housing are considered misuse versus normal wear and tear and NOT covered under the terms of this limited warranty. Product deemed in need of replacement due to being 'worn out' and/or due to the product having 'reached its end of life' from high use application that would 'wear out' the product within course of one (1) year or less is excluded and NOT covered under the terms of this limited warranty.

THIS LIMITED WARRANTY IS EXCLUSIVE AND IS PROVIDED IN LIEU OF ALL OTHER WARRANTIES EXPRESSED OR IMPLIED. MILTON INDUSTRIES, INC., MAKES NO EXPRESS OR IMPLIED WARRANTY WHATSOEVER OF MERCHANTABILITY, FITNESS FOR ANY PURPOSE OR OTHERWISE. THE LIABILITY OF MILTON INDUSTRIES, INC., UNDER THIS LIMITED WARRANTY IS LIMITED TO THE REPLACEMENT OR ISSUANCE OF CREDIT FOR A DEFECTIVE PRODUCT AS DETAILED ABOVE, AND UNDER NO CIRCUMSTANCES SHALL MILTON INDUSTRIES, INC., BE LIABLE FOR SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES OF ANY NATURE WHATSOEVER, INCLUDING, WITHOUT LIMITATION, LIABILITY FOR LOST PROFITS.
