GROHSAFE™ **PRESSURE BALANCE VALVES**

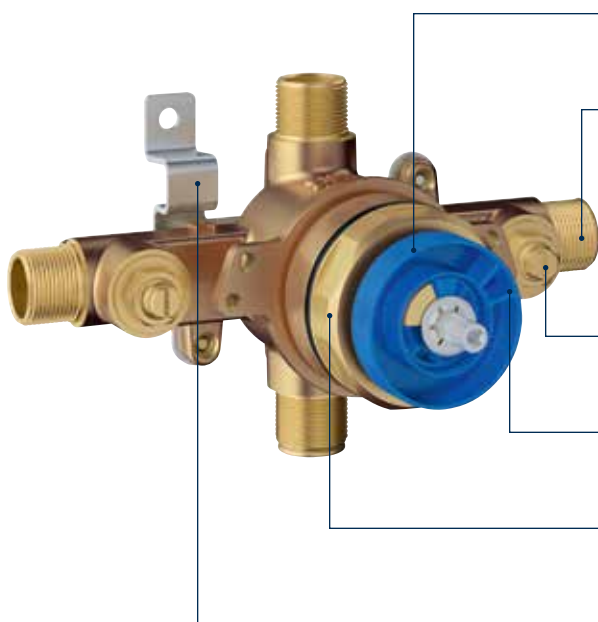

SHOWER

GROHSAFE™ PRESSURE BALANCE VALVES

GROHE now offers an updated range of Pressure Balance Valves that makes installation quicker and easier thanks to the following product enhancements: metal support brackets, optional PEX/direct sweat or thread connections and a one piece cartridge with QuickFix™ fastening nut.

The valves can be installed with a choice of shower trims to perfectly match any GROHE bathroom faucet.

INNOVATIVE

Blue Core Cartridge
Proof of GROHE Quality and allows plumbers to easily identify the cartridge

Solid Brass Inlet Connections (PEX, Sweat, NPT)
Fast and easy installation without adapters reducing leak points

BENEFICIAL

Integral Service Stops
Easy to service at the valve
(Available on 35 015 001, 35 064 001, 35 065 001)

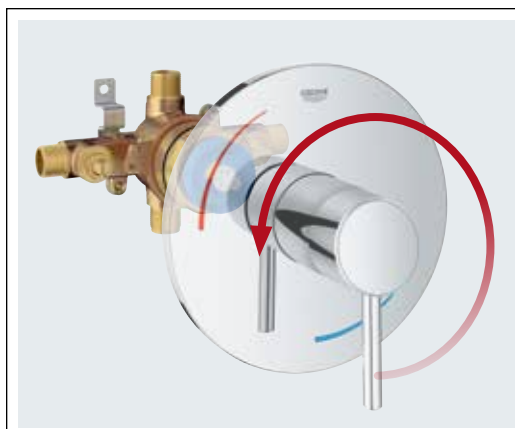

Hot Limit Safety Stop
Mechanical stop that limits hot water providing anti-scald protection

Cartridge Fastening Nut
Quick, easy access to the cartridge

Metal Support Brackets
Quick, easy and secure installation

EASE OF USE

265° Comfort Range
Wider range to find the perfect water temperature
