

BULLY TOOLS
100% American Made

Est. 1994

OVER
20 Years
Making it the American Way

MESSAGE FROM OUR PRESIDENT

Founded in 1994, Bully Tools has been proudly producing 100% American made tools. We control our quality and costs with in-house manufacturing from our state-of-the-art facilities designed and built in 2006 in Steubenville, Ohio.

Our in-house operations include stamping, robotic welding, plasma cutting, heat treating, tempering, powder coating and product design. This not only guarantees the quality, durability and reliability of our products, but our future as well.

The strategic location of our plant allows for affordable shipping, saving our customers money. Our products reach our customers in a maximum of four days at a price LOWER than imported tools of an equal or lesser quality.

With an unprecedented history of quality, Bully Tools is committed to applying the same reliability to our business practices. We continue to grow and adapt to meet the ever-changing needs of the economy and our consumers.

Mark Gracy, CEO and Founder
Bully Tools

PRODUCT FEATURES

Our high-strength pultruded fiberglass handles provide the benefits of strength as well as corrosion, heat and weathering. This cost-effective element enables us to provide our customers with quality products at affordable prices.

Resin Bonded Glass Strands Mat

Polyester Veil

Thick fiberglass the entire length with special proprietary rovings, mats and veils. A wood reinforcing core through the stress point for maximum handle strength.

All shovels have a closed back to eliminate debris build up.

Ribs provide additional strength.

All Planting Spades feature a sharpened edge to penetrate dense soil and sod.

Wide D-grip accommodates work gloves.

Strong rivet secures the D-grip to the fiberglass handle.

One-piece ferrule won't split like other models.

Strong rivet secures the ferrule to the fiberglass handle.

Welded "I-beam" support, as well as the extended and crimped ferrule, ensures no excessive bending.

Our shovels are up to 30% thicker than competitor models. True 14 gauge.

1" Forward step provides greater control.

SHOVELS & SPADES ASH

NORTH AMERICAN ASH HANDLES

FEATURES:

- True 14 and 12 Gauge blades
- Support rib adds strength
- American Ash handle
- Extended length ferrule
- Forward step

A 72515 • 5/Case - 26#

14 Ga. Round Point Shovel. American Ash Long Handle. Closed back, support rib for strength, extended length ferrule. Blade: 9.25"x11", handle: 46.5", tool length: 57.5".

B 72525 • 5/Case - 28#

14 Ga. Square Point Shovel. American Ash Long Handle. Closed back, support rib for strength, extended length ferrule. Blade: 9.5"x12", handle: 46", tool length: 56.75".

C 72530 • 6/Case - 32#

12 Ga. 14" Drain Spade. American Ash Long Handle. Closed back, extended length ferrule. Blade: 5.24"x14", handle: 45", tool length: 57".

D 72502 • 5/Case - 29#

12 Ga. Edging and Planting Spade. American Ash Long Handle. Closed back, extended length ferrule. Blade: 7.5"x13", handle: 44", tool length: 57".

E 72510 • 5/Case - 24#

14 Ga. Round Point Shovel. American Ash D-grip Handle. Closed back, support rib for strength, extended length ferrule. Blade: 9.25"x11", handle: 31.5", tool length: 42.375"

F 72520 • 5/Case - 28#

14 Ga. Square Point Shovel. American Ash D-grip Handle. Closed back, support rib for strength, extended length ferrule. Blade: 9.5"x12", handle: 31", tool length: 42.25".

G 72535 • 6/Case - 29#

12 Ga. 14" Drain Spade. American Ash D-grip Handle. Closed back, extended length ferrule. Blade: 5.24"x14", handle: 30", tool length: 44".

H 72500 • 6/Case - 30#

12 Ga. Edging and Planting Spade. American Ash D-grip Handle. Closed back, extended length ferrule. Blade: 7.5"x13", handle: 28.5", tool length: 40".

True 14 gauge steel.
Up to 30% thicker
than the competition.

Closed back design
eliminates debris
build up.
