AirShim™ Pro STEEL

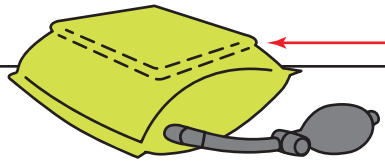

WITH BUILT-IN STEEL PowerLift™ PLATE

INFLATABLE PRY BAR & LEVELING TOOL

Model 1196
U.S. Patent Pending

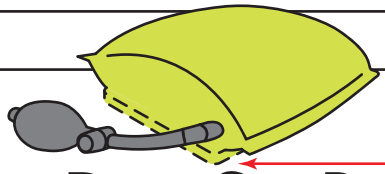

Works 2 Ways!

Steel Plate Side Up

- Stays flat, no folding
- Lifts faster, less pumping
- Great with heavy, narrow loads & edges

Steel Plate Side Down

- Grips lighter, narrow loads
- Prevents load from sliding off
- Great with flat loads

Who's It For?

Interior construction professionals, installers of appliances and small equipment, window and door installers, other skilled craftsmen and serious DIYs.

What Jobs Can I Use It For?

Appliances, beams, cabinets, doors, equipment, furniture, HVAC, plumbing, joists, countertops, mantels, bathroom fixtures, curtain walls, flanges, windows, and more!

More Reasons to Put AirShim Pro STEEL in Your Toolbox

- ***Durable cover protects against punctures***
- ***Larger inflation bulb reduces pumping***
- ***Brighter color for greater visibility***
- ***Rectangular shape for added stability***
- ***No surface damage***
- ***Contractor-grade inflatable air wedge for window, door and cabinet installations***
- ***350 lbs maximum load rating lab tested & certified safely handles full-size installations with just a single installer, saving time and labor costs***
  (SGS Test Report No.: T52310320374TY 09/15/23)
- ***Rounded edges & PowerLift™ Plate gets into tight 1/8" gaps and won't fold under pressure; durable, no-scuff cover leaves no marks***
- ***Wide 2-3/4" gap spanning capacity means greater lifting or pushing range and more versatility on the job or around the house***
- ***Easy one-handed operation using simple squeeze pump and precise bleeder valve lets you raise and lower to perfect alignments***
- ***Patent pending***

You can even use it to pry objects apart (like fragile baseboards and trim from a wall) without damage. For some challenging jobs, like leveling windows, doors or heavy appliances, using more than one AirShim Pro STEEL is recommended.
