

# Use and Care Manual

## Dieffenbachia

Dieffenbachia spp.

### Light

Indoors: High light  
Indoors: Medium light  
Indoors: Low light

### Fertilizer

Once or twice a year

### Water

Medium water needs

### Special Features

Colorful foliage  
Purifies the air

## Plant Features

Dieffenbachia is one of the easiest indoor houseplants to grow. This tropical shrub shows off lush leaves that are usually marked in shades of cream, yellow, or white, making dieffenbachia a top pick for brightening dim corners indoors. Dieffenbachia adds fun color and texture without flowers.
