Why Choose VEVOR?

- Premium Tough Quality
- Incredibly Low Prices
- Fast & Secure Delivery
- 30-Day Free Returns
- 24/7 Attentive Service

High Efficiency

With 28" / 720 mm large paper feed and 24.8" / 630 mm cutting width, this vinyl cutter features high cutting precision and paper feed precision, significantly improving work efficiency.

Anti-Deviation Design

Elaborate details adopted by our vinyl machine are beneficial to accurate positioning. Precise scale, 3 adjustable double-spring pinch rollers, and an aluminum knurling stick assist measurement and avoid excessive paper displacement.

Windows Compatible System

Connect the plotter cutter through 2 available ports: COMPIM & USB. Compatible with multiple computer systems like Windows XP/Vista/7/8/10. Equipped with Signmaster cut basic software, suitable for a variety of image formats.

Backlight LCD Display

The vinyl cutting machine is embedded with a backlight display to increase clarity and brightness further. Digital force & speed adjustment can handle the cutting process. Cutting Speed: 10-800 mm/s; Cutting Force: 10-500g.

Sturdy Floor Stand

Powerful as the vinyl plotter is, it still greatly depends on the heavy-duty floor stand to keep itself intact. Four caster wheels help you get rid of the trouble of transportation. In addition, the roller makes it easy to hold the paper tightly.

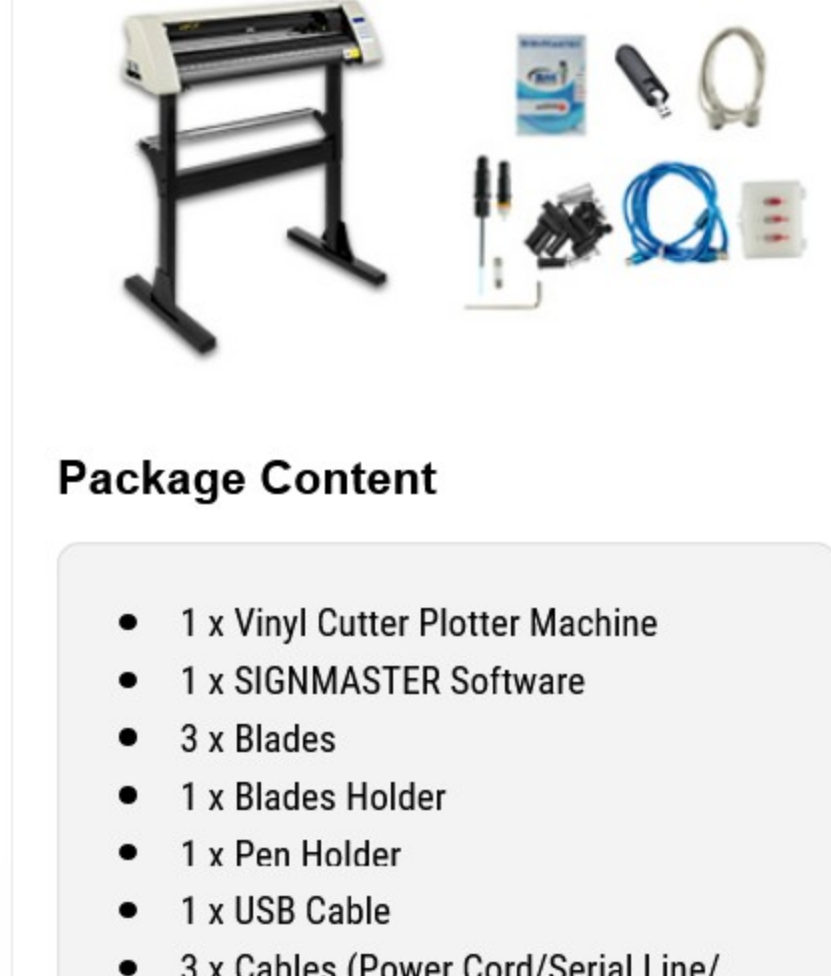

Various Application

You can make the most out of the vinyl cutter to enjoy creating different crafts. Ideal for advertisement field, various decoration, handcraft, supplementary for heat transfer, label & sign making, etc.
