APPLICATION: Surface should be clean & dry. De-gloss if necessary. Surface, wood filler & air temp. should be above 40°F. Press filler into place w/putty knife. Overfill slightly to allow for sanding. For large/deep holes, apply 1/8" layers, allowing each layer to dry before applying next layer.

SANDING: Allow to dry approx. 2 to 6 hours for shallow fills & 36 hours for deeper fills. Sand w/medium sandpaper. **FINISHING:** May be painted w/latex-based paint immediately after sanding, or after 12 hours if using an oil-based paint. If staining, test wood filler with desired stain on scrap wood before filling to ensure desired stain color. Exterior applications and applications subject to water exposure must be sealed with a waterproof coating. **CLEAN-UP:** Wipe off excess with a damp cloth before material dries. Reseal tightly with lid after each use.*Than competitive product.

Contains: Crystalline silica. Dry sanding of this product may generate dust. May cause eye, skin & respiratory tract irritation. Use only w/adequate ventilation. Ensure fresh air entry. Avoid breathing dust or vapors. Avoid contact w/eyes & skin. Do not ingest. Wear gloves & safety glasses. **FIRST AID:** Wash skin or eyes w/large quantities of water. Remove to fresh air. DO NOT INDUCE VOMITING. Get medical attention if complications arise from any exposure. **For emergencies,** call your poison control center at 1-800-222-1222. See SDS for additional information. For an SDS, visit dap.com. **KEEP OUT OF REACH OF CHILDREN.**
