5700 LBS LOADING CAPACITY

5700 Lbs Loading Capacity

The electric winch features a 5700 lbs loading capacity, suitable for an ATV, UTV, car, boat, truck, jeep, modified vehicle, and utility trailer.

POWERFUL MOTOR & GEAR

0.9KW Copper Motor

Planetary Gear

Powerful Motor & Gear

Truck Winch Motor: 0.9 KW (1.2hp), gear reduction ratio: 158:1, 3 stage planetary mechanism with sliding ring gear clutch and auto in drum braking.

CONTROL SYSTEM

High-speed ratio permanent magnet DC 12V motor

Control System

The upgraded clutch system strengthens the connection between the clutch and the gear. Combined use of a 3-stage planetary gear motor can achieve high transmission ratios.

STRONG STEEL CABLE

0.2 in. x 42.6 ft.(6 mm x 13 m)Rope

Super Tensile Steel Cable

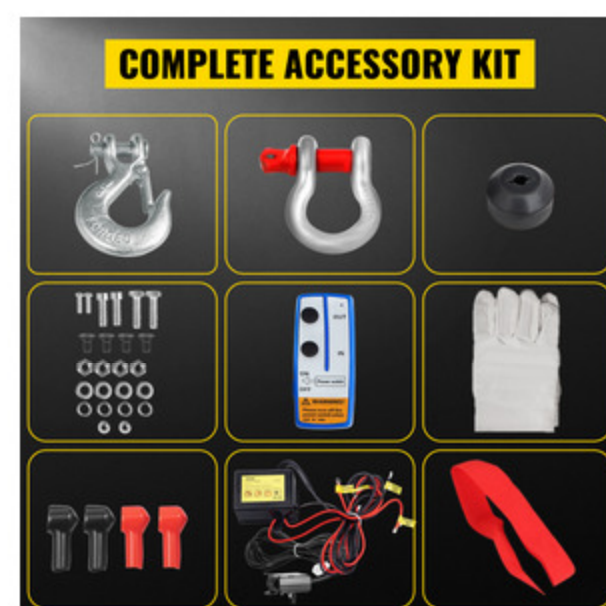

The winch is equipped with a high density steel cable, with great resistance to bending under tension, abrasion, and tough weather. Suitable for all kinds of harsh environments.

CONVENIENT REMOTE CONTROL

Multifunctional Control

You can operate the ATV winch even at a long distance with the wireless remote control, or you can turn to the wired remote control.

COMPLETE ACCESSORY KIT

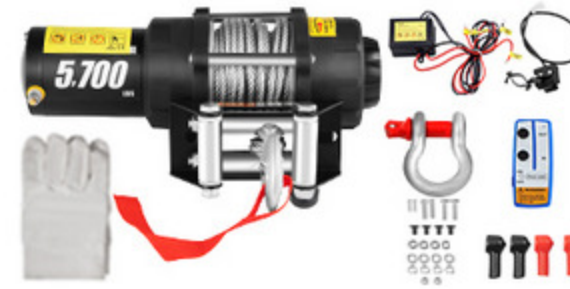

Complete Accessory Kit

All towing winches come with a fully equipped accessory kit, including remotes, a hook, a shackle, control box, wire, and much more, ensuring excellent working performance.
