

INSTRUCTION SHEET of DA2840

Step 1: unfold Part A

Step 2: Put Part C bottom tray as shown in above picture, but pls note that every joint on the tray should line up on its corresponding joint on supporting leg, we have marked with "1" on one joint of Part C bottom tray and its matching joint also as "1" on the supporting leg respectively, thus you can find the matching easily and get them lined up correctly; Pls follow the same way to assemble Part B the top tray, the only difference is we marked "2" on both one joint of top tray & it's matching joint on leg.

Step 3: Lastly, install Part D the wheels using Part E.
