

Van Zyverden's
ASTILBE TOP CHOICE CAKE MIXTURE

Astilbe are very popular, rugged, versatile, shade lovers that thrive in moist conditions. They produce tall, long, elegant, colorful plumes above divided fern-like green foliage in the summer. It adds bursts of impressive color to the garden landscape. Best yet, they are low maintenance, attract butterflies and are deer and rabbit resistant. Astilbe are quite diverse with hundreds of varieties available. Each overachieves in providing splendid flower shows. Use them in groups or mass them to create a ground cover. Cut for flower arrangements when they are half opened.
