MOLDINGS, TRANSITIONS, AND ACCESSORIES

Only at

A Solution

For Every Need

NOTHING FINISHES A ROOM LIKE PERFORMANCE ACCESSORIES®.

These stylish moldings and transitions dress up your design, tying your floor into your décor, or literally bridging the gap between two rooms. Available in a wide variety of coordinating looks, **Performance Accessories** install easily and quickly, and can save you time and money.

As a premier molding manufacturer, we have expertise working with all the leading flooring brands and products. We know moldings, and our products are ideal solutions for floating laminate, hybrid resilient, and vinyl floors at The Home Depot.

STAIR NOSE MOLDING

Seamlessly match your flooring to your stairs.

4-IN-1 MULTIFUNCTIONAL MOLDING KIT

One kit can be installed in four ways to join different types of flooring.

STAIR TREAD

One-piece solution that installs over stairs with or without existing nosing.

QUARTER ROUND AND WALL BASE

Expansion gap coverage for all floating floors.

Flexible Reducer

Flexible Shoe Molding

Flexible Moldings

Flexible moldings allow added flexibility for installation in scenarios where regular moldings simply don't work.

T-MOLDING

SHOE MOLDING

A Beautiful Finish

For Every Floor

Today there are floating floors available in a wide variety of looks and materials, including laminate, hybrid resilient, and luxury vinyl plank. Although the materials and styles may differ, every floating floor needs an expansion gap between the floor and the wall.

To cover these gaps and finish the floor, Performance Accessories products feature wall base and quarter round molding in a variety of colors and paintable white options to coordinate with the flooring sold at The Home Depot. This molding installs easily and helps integrate your new floor with the rest of the room.

- Installs easily with nails or glue.
- Pre-finished molding — no painting or staining required.
- Install on any level of the home.
- Can be installed over smooth, flat, dry surfaces — even existing concrete, tile, vinyl or wood.

CHECK THE YOU MAY ALSO NEED SECTION ON YOUR FLOORING PRODUCT PAGE AT [HOMEDEPOT.COM](https://www.homedepot.com) TO FIND YOUR COORDINATING MOLDING COLOR.

Design Tip

Create a polished, seamless look by blending your moldings with your floors.

Lay out planks from multiple boxes before installing them, and then choose the ones that most closely match your molding color to install near doorways or around the edge of rooms.

The molding compatibility chart can be found in the documents section of the molding and flooring pages to confirm coordinating moldings for your floor.

One Kit

Four Transitions

When two floors come together, or when you need to finish the flooring in front of a fireplace or sliding door, Performance Accessories® has the right transition for the project. **Our innovative 4-in-1 multifunctional molding kit** can be configured for use as a T-molding, a hard surface reducer, a carpet transition, or an end molding.

Just one kit joins any type of surface together for a smooth, easy transition. And the end molding can be used to seamlessly transition to architectural features. With just one kit, you're prepared for anything — saving you time and money and reducing waste.

- Available for laminate, hybrid resilient, and vinyl plank floors.
- No painting or staining necessary.
- Install on any level of the home.
- Can be installed over smooth, flat, dry surfaces — even existing concrete, tile, vinyl, or wood.
- One kit contains 78-inches of molding — enough to cover two standard doorways.

THE 4-IN-1 MULTIFUNCTIONAL MOLDING KIT IS AVAILABLE IN A WIDE RANGE OF COORDINATING COLORS AND STYLES AT THE HOME DEPOT AND ONLINE AT [HOMEDEPOT.COM](https://www.homedepot.com).

T-MOLDING

Use as a transition in doorways or to join two hard surfaces of equal height.

CARPET TRANSITION

Use to finish your hard surface flooring where it meets carpet.

HARD SURFACE REDUCER

Use when transitioning between hard surfaces of different heights, like vinyl plank or laminate to tile.

END MOLDING

Use to finish a hard surface floor against fireplaces, sliding doors, and more.

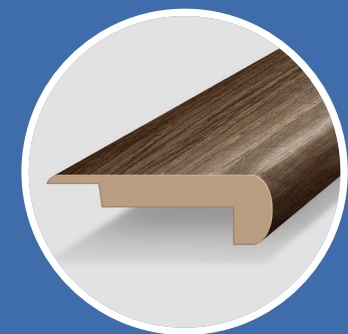

Stylish Stairs

With Stair Nose and Stair Tread Moldings

Want to continue your flooring's look right up the stairs? Performance Accessories stair nose and stair tread lets you create seamless and stunning transitions and stairs.

And our **stair nose molding provides a wear surface** for the stair's leading edge and covers the gap between the riser and the tread.

Our new **stair tread is constructed with pre-attached nosing** and can be placed directly over existing structural treads for a clean and polished look.

Shopping Tip

Some color families coordinate with laminate wood **and** vinyl plank floors, so be sure you are purchasing the correct 4-in-1 molding or stair nose for the type of floor that you have.

Non-Molding

Accessories

TREADBOND®

TreadBond is a fast-curing 100%-solids, moisture-curing, gun-grade adhesive designed for the installation of wood, HDF and vinyl stair treads, as well as vinyl and HDF stair noses.

INSTALLATION KIT

Assists in the tapping of planks into place during installation. Kit includes a pull bar, tapping block and 40 spacers to help prevent damage during installation of the tongue and groove locking system.

SPACERS

Use for required expansion space between plank edges and walls or other fixed surfaces.

PERIMETERSEAL®

This easy-to-use tape covers the expansion gap with a watertight seal, protecting the flooring and the subfloor. PerimeterSeal allows flooring to freely expand and contract while ensuring any waterproof warranty extends to the perimeter of the floor.

SCENTSTOP™

Bio-engineered with beneficial bacteria and enzymes, ScentStop neutralizes the source of household odors so they won't resurface.

Performance Accessories Moldings

PUTTING THE FINISHING TOUCH ON ANY PROJECT

Whether you're installing a floating floor, transitioning from one surface to another, or continuing your hard surface flooring up the stairs, Performance Accessories has the right molding for the job.

Dress up your décor with the perfect molding from Performance Accessories at The Home Depot.
