HDX 5-Tier Shelf Example Configurations

Designed with flexibility in mind, HDX 48”x75”x20” and 48”x75”x24” 5-Tier shelves can be customized using short and tall pole lengths to create over 75 different configurations. Be sure to use the same pole size to build each shelf section.

WARNING

- Unit must be placed on a level surface or leveled for use.
- Do not sit or stand on or allow anyone to climb, sit or stand on the assembled product.
- Mount the unit to the wall for tip over prevention, as unit can tip over causing severe injury or death.
- Mount the unit to the wall for max weight capacity, do not exceed claimed weight capacity.
- Distribute weight evenly on each shelf and keep heavier loads on the bottom.
- Do not exceed recommended shelf spacing, stated on shelf label, by connecting poles.
