

**3YR**  
**GUARANTEE**

#### The Triton Guarantee

To activate the extended three-year guarantee you must register the product at [www.tritontools.com](http://www.tritontools.com) within 30 days of purchase. Should you not wish to register, a standard 30-day guarantee period will apply.

This guarantee, and the guarantee period, begins on the date of retail purchase as detailed on your sales receipt. If you are unable to provide a sales receipt the purchase date will be assumed as three months from the date of manufacture as recorded by the product serial number.

If this product develops a fault within 30 days of purchase, return it to the retailer where it was purchased, with your receipt, stating details of the fault. A repair or replacement will be provided.

If this product develops a fault after 30 days contact  
Tel: +1 (855) 227 3478 or Email: [warranty.us@toolstream.com](mailto:warranty.us@toolstream.com)  
for questions or warranty processing. Triton Tools or its agents will arrange collection, repair and return or replacement of your product free of charge.

All products should be in a suitably clean and safe state for repair, and should be packaged carefully to prevent damage or injury during transportation. We may reject unsuitable or unsafe deliveries.

All work will be carried out by Triton Tools or its appointed repair agents. The repair or replacement of the product will not extend, or renew the period of guarantee. Retained tools, or parts, for which a replacement has been issued, will become the property of Triton Tools. The repair or replacement of your product under this guarantee provides benefits which are additional to, and do not affect, your statutory rights as a consumer.

If your product is outside three years from purchase a full spares service is available from [www.toolsparsonline.com](http://www.toolsparsonline.com)

### What is covered:

The repair of the product, once verified to the satisfaction of Triton Tools that the defect is due to faulty materials or workmanship. If any part is no longer available or out of manufacture Triton Tools may replace it with a functional replacement.

### What is not covered:

Normal wear and tear caused by use in accordance with the operating instructions e.g. blades, brushes, belts, bulbs, batteries etc.

Accidental damage, faults caused by: improper use, abnormal environmental conditions, overloading, insufficient maintenance, careless operation or handling of the product.

Use of the product for anything other than normal domestic purposes.

Change or modification of the product in any way.

Defects caused by the use of parts or accessories which are not Triton genuine components.
