# Turf Builder® LAWN SOIL®

with Scotts®  
Starter® BRAND Fertilizer

Enriquecida con el fertilizante  
Starter® BRAND de Scotts®

## The Scotts Advantage®

Scotts blend of rich, composted materials, sphagnum peat moss, Scotts® Starter® BRAND Fertilizer and a wetting agent improves grass seed germination by creating an excellent environment to grow a thick, beautiful lawn.

La combinación de Scotts de abundantes materiales de abono orgánico, turba de musgo esfagnáceo, fertilizante Starter® BRAND de Scotts® y un agente humectante mejora la germinación de la semilla de grama al crear un excelente ambiente para que el césped crezca bello y tupido.

This product has been identified as Water Smart™ indicating that it contains properties that enable more efficient use of water helping to protect your newly seeded lawn against the stresses of hot & dry conditions.

Este producto ha sido identificado como Water Smart™, lo que indica que contiene propiedades que permiten el uso más eficiente del agua ayudando a proteger su césped recién sembrado contra el estrés de las condiciones climáticas calientes y secas.

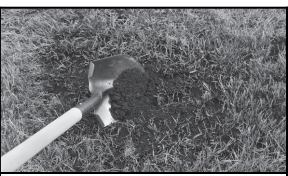

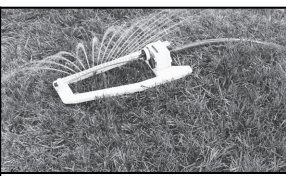

## Instructions / Instrucciones

### PLANTING GRASS SEED / SIEMBRA DE LA SEMILLA DE GRAMA

We recommend wearing gardening gloves when using this product.  
Se recomienda el uso de guantes de jardinería al utilizar este producto.

|                                                                                    |                                                                                                            |                                                                                                                 |                                                                                      |
