

## BeltClip Assembly Instructions

1. Clip Buckle Plate into Mounting Plate
2. Center Mounting plate on tablet case so that the bend in the buckle plate is right at top edge of case.
3. Use pen or pencil to mark edges of mounting plate
4. Use alcohol wipe to clean tablet case where mounting plate is to be attached. Keep alcohol wipe handy for further use.

5. Remove buckle from mounting plate, then peel sticker from mounting plate and stick to case. Press hard for 15 seconds.
6. Reuse alcohol wipe to clean area at bottom center of case where tether plate is to be attached.
7. Peel sticker from tether plate and mount at bottom center of case. Press hard for 15 seconds.

8. Wait 72 hours allowing both mounts to fully bond.
9. Insert Buckle plate into mount
10. Attach key ring to tether plate.
11. Attach hip pad to belt
12. Attach security cord to D-ring on hip pad.
13. Lock Case to hip.
