### Features

#### Control from anywhere

Electric heating control using your mobile device

#### Adjust zones and schedule

Customize heating zones for perfect comfort

#### Save on your energy costs

Pre-programmed to maximize savings

#### Free app

Easy-to-use with no monthly fee

#### Arrive in comfort

Warm-up cottages and remote locations before you arrive

#### Fully compatible

Compatible with iPhone, iPad and Android Smartphones and tablets

### System Requirements

- Broadband internet connection (customer purchased) and wireless router (802.11 b/g/n)
- Smartphone or tablet with internet browser (Internet Explorer 8, Firefox 4, Safari 5, Chrome 9 or higher)
- Software automatically updates as long as controller is connected to Wi-Fi
- Free IOS and Android apps available at time of release

### Application

Ideal for controlling home heating on-the-go; lower the temperature while you're away and raise the temperature before you arrive home so everything is warm and cozy. Ideal for remote locations so you can arrive in comfort, even if the heating is normally reduced for long periods.

#### Smart Heaters

Linear Proportional Convactor Smart Baseboard

Proportional Panel Convactor

Precision Comfort Heater
