

VEVOR is a leading brand that specializes in equipment and tools. Along with thousands of motivated employees, VEVOR is dedicated to providing our customers with tough equipment & tools at incredibly low prices. Today, VEVOR's products are sold in more than 200 countries and regions with 10 million plus members worldwide.

Master Welding Projects with Precision and Ease

VEVOR

VEVOR ROTARY WELDING POSITIONER

Quality Welding Starts with Correct Positioning

0-90°

0-90° Tilting Table

Strong Load-Bearing Capacity

1-12 RPM

1-12 RPM Stepless Speed

Anti-slip Foot Switch

VEVOR rotary welding positioner turntable is the perfect companion for achieving flawless welding. It makes welding easy and precise, with 0-90° tiltable worktable, 1 to 12rpm stepless speed control, and K01-63 three-jaw chuck. Choose VEVOR's positioner makes welding effortless and accurate.

10KG/5KG HORIZONTAL / VERTICAL LOADING

Heavy-duty support for maximum stability

High Strength

Corrosion Resistance

Rugged Carbon Steel Construction for Longevity

Constructed with high-strength carbon steel, our welding positioner turntable table boasts exceptional 11 lbs (vertical) or 22 lbs (horizontal) load-bearing capacities. Robust and durable structure can handle various welding tasks while offering corrosion resistance for long-term use.

0-90° TILTABLE WORKING TABLE

Steady workpiece positioning, simplify welding tasks

Worm Gear Turning Structure With self-locking function

Butterfly Bolt Fix the table at 0-90° angle

Our positioner turntable machine features a worm gear turning structure with a self-locking function, ensuring precise and stable positioning of the welding workpiece. The butterfly bolt can securely fix the worktable at 0-90° desired angle for added convenience.

EASY TO OPERATE & CONTROL

Speed Adjustment Knob

1-12r / min stepless speed regulation

Foot Pedal Switch

Control table rotation

Control the worktable's 360° rotation effortlessly with the foot pedal switch, providing flexibility during welding. The control knob allows for stepless speed adjustment (1-12rpm), catering to the requirements of different welding tasks and ensuring a smooth welding process.

Small Metal Structure Welding

Small Pipes Welding

SUITABLE FOR CYLINDRICAL WORKPIECE WELDING

Elevate welding efficiency and precision

Parts Machining & Welding

Arts and Handcraft Welding

Our welding positioner is suitable for a variety of welding tasks, ideal for welding small workpieces, such as small metal structure welding, small pipe welding, parts fabrication welding, as well as art and manual welding, greatly enhancing welding accuracy and efficiency.

VEVOR

Item Model Number: HD-10

Net Weight: 23.4 lbs / 10.6 kg

Motor Power: 20W

Turntable Diameter: 8.1" / 205 mm

Speed: 1-12 RPM

Working Table Tilting Angle: 0-90°

Horizontal/Vertical Load Capacity: 22lbs / 10 kg ; 11lbs / 5kg

Working Table Tilting Angle: 0-90°

Chuck Diameter: Clamping Range 2-58mm, Holding Range 22-50mm

Product Dimensions: 12.6" x 10.6" x 11.1" / 319 x 270 x 282 mm

Accessories

1 x Power Cord 1 x Foot Pedal 2 x Chuck Wrench 1 x User Manual
