ST416M

16"L x 7-1/2"W x 18-1/2"H

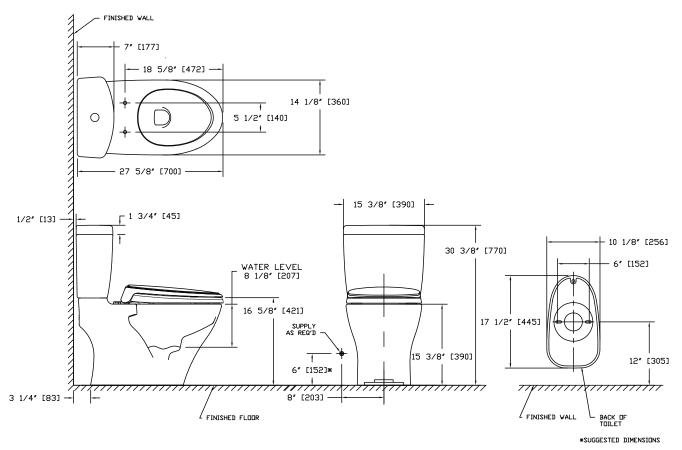

## **INSTALLATION NOTES**

Back-to-Back Toilet Installations:

TOTO recommends the use of a nationally listed, double sanitary tee-wye only, in vertical waste stacks, in accordance with the stipulations noted in the majority of nationally recognized plumbing codes.

To maintain adequate wall gap between the back of the tank and wall, mount the floor flange at a nominal 12" rough-in distance.

These dimensions and specifications are subject to change without notice
