Care and Maintenance

EZ Shelf products are designed to be maintenance free, however occasional dusting and cleaning of the product will preserve the life and appearance of the unit. Use a mild detergent solution or a non-abrasive cleaner for cleaning.

Please follow all Installation Instructions for proper installation and assembly.

For safety, wear protective gloves and eye protection before using any tools for assembling and installing.

Do not stand or climb on the shelves.

Please distribute weight evenly for safety purposes when loading items on the shelving unit.

Do not exceed the manufacturer's recommended weight limit of the shelving (200 lbs/shelf for closet or regular shelving, and 250 lbs/shelf for garage shelving kits).

One center support bracket must be installed in the center of each closet or regular shelf over 36" (weight limit of 200 lbs/shelf).

Two center support brackets must be installed equidistant from shelf ends for each garage shelf (weight limit of 250lbs per garage shelf).

Any questions - please call Customer Service at 1-561-303- 3615
