LAWN FOOD

10-0-2

At Purely Organic Products we believe garden products and fertilizers should be good for plants; and easy for gardeners too. Our Lawn Food is made with ingredients you'll recognize—like distillers dried grains—without harsh chemicals or smelly biosolids. It's specially formulated to provide the nutrients needed to promote a lush, green lawn for you and your family.

A WELL FED LAWN IS A HAPPY LAWN

Just like you, your lawn needs nutrient rich food to grow and flourish. We recommend feeding with Lawn Food about four times a year – with the first feed in the early spring and the last in the late fall – for a lush, green lawn.

WATER WELL & OFTEN

Well fed lawns are more efficient at absorbing water and nutrients. Water your lawn every few days to provide approximately 1" of moisture (including rainfall) per week. (A typical sprinkler takes 3-4 hours to provide 1" of water.)

MOW LIKE A PRO

Never remove more than 1/3 of the blade of grass when mowing. During times of stress (for instance in the hot summer) keep grass longer to protect the plant. Leaving clippings on the lawn allows plant nutrients to recycle back to the soil.

FIND THE BEST SOLUTION

Select the product that fits for your lawn's specific needs. In addition to our original formula Lawn Food, Purely Organic Products offers Weed & Feed, Grub & Feed, and Crabgrass Defender Lawn Food for problem lawns.

DIRECTIONS FOR USE*

Choose the Right Day: For best results apply this product on a calm day when no heavy rains are expected; and daytime temperatures have risen above 45° F on a consistent basis.

Set Your Spreader: Set your drop or rotary spreader to deliver fertilizer at a rate of 4-8 lbs. per 1,000 sq. ft. of lawn. Individual spreader settings will vary; but common settings are listed below. (Visit GROWPOP.COM or refer to your spreader's instructions for additional information.)

Earthway® & Similar Broadcast (Rotary) Spreaders	15.0
Scotts® Basic, Turf Builder® EdgeGuard®, LawnPro® & Similar Broadcast (Rotary) Spreaders	6.0
Scotts® EasyGreen® & Similar Broadcast (Rotary) Spreaders	26.0
Vigoro & Similar Broadcast (Rotary) Spreaders	5.0
Scotts® Turf Builder® Classic, EverGreen®, AccuGreen® & Similar Drop Spreaders	7.0

Apply: Working back and forth in steady rows, apply Lawn Food evenly across your entire lawn.

Clean Up: Get the most out of your lawn care, and protect the environment, by sweeping excess or stray particles – that land in the driveway, sidewalk or street – back onto the lawn.

Activate: Water your lawn lightly after application to activate the fertilizer; and keep application areas moist, but not saturated, with additional watering over the next 3-4 days.

CAUTION: KEEP OUT OF REACH OF CHILDREN

*PRECAUTIONARY STATEMENTS

IMPORTANT ⚠ This product contains ingredients which may cause skin or eye irritation. Wear gloves to apply this product.

STORAGE AND DISPOSAL 🗑 Store this package in a dry, safe place, out of reach of children and animals. Keep the bag tightly closed, away from moisture and light. When no longer needed, dispose of contents and packaging in accordance with municipal regulations.

FIRST AID 🆘 **AFTER SKIN CONTACT:** Rinse affected areas with soap and water after handling or contact. **AFTER EYE CONTACT:** Rinse opened eye for at least 15 minutes under running water. If symptoms persist, consult a doctor. **IF SWALLOWED:** Drink plenty of water and consult a physician. Have the product container or label with you when calling a poison control center or physician. Contact poison control at 1-800-222-1222

ALLERGY WARNING 🌾 This product contains corn and soy based ingredients.

ENVIRONMENTAL NOTES 🌿 To protect the environment, apply only to actively growing turf. Do not apply near water, storm drains or drainage ditches; and do not apply if heavy rain is expected. Apply this product only to your lawn, and sweep any product that lands in the driveway, sidewalk, or street, back onto your lawn.

FLORIDA RESIDENTS PLEASE NOTE 📋 Check with your local Cooperative Extension Agency to obtain specific information on local turf best management practices. Check with your county or city government to determine if there are local regulations for fertilizer use. No more than 2 Lbs. of total nitrogen per 1,000 sq. ft., per application, may be applied during the spring or summer. No more than 1 lb. of total nitrogen per 1,000 sq. ft., per application, may be applied during the fall or winter. **IN NORTH FLORIDA:** This product may be applied a maximum of 4 times per year. No application of fertilizer may be applied in the winter. **IN CENTRAL AND SOUTH FLORIDA:** This product may be applied a maximum of 6 times per year.

INSTRUCCIONES DE USO*

Elija el día correcto: Aplicar en un día tranquilo cuando no se esperan fuertes lluvias; y las temperaturas diurnas han aumentado por encima de 45° F de manera constante.

Configure su esparcidor: Configure su gota o esparcidor giratorio para entregar fertilizante a razón de 4-8 libras. por 1,000 pies cuadrados de césped. La configuración individual del esparcidor variará; pero las configuraciones comunes se enumeran a continuación.

Earthway® & Similar Diseminar Espareidores (Giratorios)	15.0
Scotts® Basic, LawnPro® & Similar Diseminar Espareidores (Giratorios)	6.0
Scotts® EasyGreen® & Similar Diseminar Espareidores (Giratorios)	26.0
Vigoro & Similar Diseminar Espareidores (Giratorios)	5.0
Scotts® Turf Builder® Classic, EverGreen®, AccuGreen & Similar Esparcidores de Descarga	7.0

Aplicar: Trabajando de ida y vuelta en hileras, aplique uniformemente sobre su césped.

Limpiar: Aproveche al máximo su cuidado del césped y proteja el medio ambiente barriendo el exceso de partículas o partículas perdidas de nuevo en el césped.

Activar: Riegue ligeramente para activar el fertilizante. Mantenga las áreas de aplicación húmedas, pero no saturadas, con riego adicional durante los próximos 3-4 días.

PRECAUCIÓN: MANTENGA FUERA DEL ALCANCE DE LOS NIÑOS

*CONSEJOS DE PRUDENCIA

IMPORTANTE ⚠ Este producto contiene ingredientes que pueden causar irritación en la piel o los ojos. Use guantes para aplicar este producto.

ALMACENAMIENTO Y ELIMINACIÓN 🗑 Guarde este paquete en un lugar seco, seguro, fuera del alcance de niños y animales. Mantenga la bolsa bien cerrada, lejos de la humedad y la luz. Cuando ya no sea necesario, elimine el contenido y el embalaje de acuerdo con las reglamentaciones municipales.

PRIMEROS AUXILIOS 🆘 **DESPUÉS DEL CONTACTO CON LA PIEL:** Enjuague las áreas afectadas con agua y jabón después de manipularlas o contactarlas. **DESPUÉS DEL CONTACTO CON LOS OJOS:** Enjuague el ojo abierto durante al menos 15 minutos con agua corriente. Si los síntomas persisten, consulte a un médico. **EN CASO DE INGESTIÓN:** Beba mucha agua y consulte a un médico. Tenga el envase o la etiqueta del producto con usted cuando llame a un centro de control de intoxicaciones o a un médico. Póngase en contacto con el control de intoxicaciones al 1-800-222-1222

ADVERTENCIA DE ALERGIA 🌾 Este producto contiene ingredientes a base de maíz y soya.

NOTAS MEDIOAMBIENTALES 🌿 Para proteger el medio ambiente, aplíquelo solo a césped en crecimiento activo. No aplique cerca del agua, desagües pluviales o zanjas de drenaje; y no aplique si se esperan fuertes lluvias. Aplique este producto solo a su césped y barra cualquier producto que caiga en el camino de entrada, la acera o la calle, nuevamente sobre su césped.

RESIDENTES DE LA FLORIDA TENGA EN CUENTA 📋 Consulte con su Agencia de Extensión Cooperativa local para obtener información específica sobre las mejores prácticas locales de gestión del césped. Consulte con el gobierno de su condado o ciudad para determinar si existen regulaciones locales para el uso de fertilizantes. Cuando use este producto en Florida: no más de 2 lb del nitrógeno total por 1,000 pies cuadrados, por aplicación, puede aplicarse durante la primavera o el verano. No se puede aplicar más de 1 libra de nitrógeno total por 1,000 pies cuadrados, por aplicación, durante el otoño o el invierno. En el norte de Florida: este producto puede aplicarse un máximo de 4 veces al año. No se puede aplicar fertilizante en el invierno. En el centro y sur de Florida: este producto puede aplicarse un máximo de 6 veces al año.
