

LOCKLY® MODEL 7S | Deadbolt Smart Lock

"Best Smart Lock
for Airbnb"

"Best Tech Gift"

"Most Innovative
Smart Lock"

Why choose LOCKLY

Hack-Proof Digital Keypad

Patented PIN Genie® touchscreen prevents codes from being guessed by randomly shuffling PIN number locations.

Mobile App Control

Unlock, lock, check door, track access history and unique user profile data through free LOCKLY smartphone app.

Send eKeys to friends and family

Grant one-time use or specific time duration access by issuing codes or digital eKeys remotely via a mobile device.

Offline Access Codes™

Issue Offline Access Codes that do not require users to download an app or have Wi-Fi or Internet connection to use.

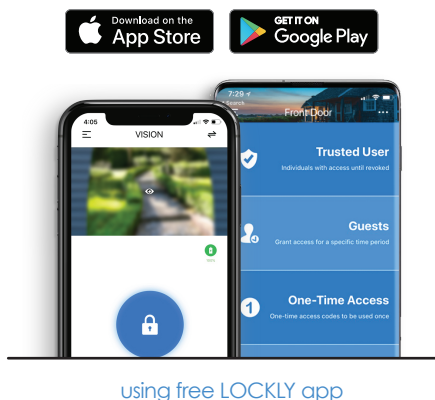

Easy, One Person Installation

Simple 15-min DIY home project using industry-leading 3-D step-by-step video instruction.

Rekeying Capability

Replace 6-pin cylinder with readily available rekeying kits.

Full control with smartphone

Wi-Fi Hub upgradeable,
adds the following capabilities

Voice Assistant*

Optional: control with your voice through Amazon Alexa or Google Assistant

LOCKLY Access Portal*

Manage 1 or 1,000 locks across multiple properties with LOCKLY Access Portal™
