

Tommy Docks carries TechStars great dock floats and accessories

TechStar Molded Bumper Floats

Part # - BF-1 dimensions are 24" x 48" x 16"

Part # - BF-12 dimensions are 24" x 48" x 21"

TechStar Bumper Floats are a unique combination of dock bumper and flotation. Designed to run the length of your dock on both sides, these floats will comfortably float a dock 8-feet wide. For docks 10 to 12 feet wide we recommend one row of center floats and for docks 14 to 16 feet wide we recommend 2 rows of center floats.

Features and Benefits

Dock Bumpers are built in as part of the float.

Foam filled with closed cell EPS (expanded polystyrene) for added security.

Your wood frame, hardware and decking stay out of the water.

Polyethylene is environmentally friendly, as well as gasoline and wildlife resistant.

Construction is simple. Build a frame with corner brackets and attach floats through molded bolt holes.

Deck boards can sit flush with the top of the floats for a clean finish.

Bumper Floats are available in sandstone and black.
