

TRUSIL 100

100 % Acetoxy Silicone Sealant

Technical Data Sheet

Application Procedures:

1. Clean debris and dry desired area.
2. Cut tip off cartridge. Screw nozzle on end and cut tip to desired bead size. Insert cartridge into standard caulk gun.
3. Hold at 45° angle and apply by pushing sealant ahead of nozzle to achieve a smooth seal. Apply using a steady, even pressure to completely bridge joints.
4. Complete tooling within 5 minutes. Use dry paper towel to remove excess material. Smooth caulk using wet finger or a damp cloth for a clean, neat appearance.
5. Sealant normally “skins over” in 5 minutes, dries to touch in 1 hour, and cures & bonds in 24 hours. Allow 7 day cure time to reach maximum strength.

Application Limitations:

- Structural silicone glazing
- Joints where physical abuse or abrasion is likely to be encountered
- Prolonged water immersions
- Porous surfaces, such as masonry
- Building materials that might bleed oils, plasticizers, or solvents- materials such as impregnated wood, oil based caulks, green or partially vulcanized rubber or gasket tapes
- Totally confined spaces, as sealant requires atmospheric moisture for cure

Clean Up Procedures:

Excess caulk should be cleaned from tools and nonporous surfaces while still uncured. On porous surfaces, product should be allowed to progress through initial set-up, at which time removal is possible via abrasion or other mechanical means.

Packaging Options:

Part #	Product Description	Color	Case Quantity
TS-100C	TruSil 100 100% Silicone Sealant 10.1 Fl. Oz. Tube	Clear	12 tubes/case
TS-100W	TruSil 100 100% Silicone Sealant 10.1 Fl. Oz. Tube	White	12 tubes/case
TS-100B	TruSil 100 100% Silicone Sealant 10.1 Fl. Oz. Tube	Black	12 tubes/case
TS-100AL	TruSil 100 100% Silicone Sealant 10.1 Fl. Oz. Tube	Aluminum	12 tubes/case
TS-100MRC	TruSil 100 100% Silicone Sealant 10.1 Fl. Oz. Tube	Mildew Resistant Clear	12 tubes/case
TS-100MRW	TruSil 100 100% Silicone Sealant 10.1 Fl. Oz. Tube	Mildew Resistant White	12 tubes/case
TS-100MRTW	TruSil 100 100% Silicone Sealant 10.1 Fl. Oz. Tube	Mildew Resistant Translucent White	12 tubes/case

Caution:

Contains Crystalline Silica. Use only with adequate ventilation. Avoid contact with eyes and skin. Wash hands after using. Do not transfer contents to other containers for storage.

KEEP OUT OF REACH OF CHILDREN
