❖ IMPORTANT CONSIDERATIONS:

- All solid wood pre-hung and pre-finished exterior entry doors require adequate protection from the elements. Lack of proper overhang will void the warranty! The projected overhang depth must be equal or greater than $\frac{1}{2}$ the overhang height for North and East facing doors and equal to the overhang height for South and West facing doors. Overhang width must be twice the width of the door (see graphic).
- Unfinished units must be sealed within 7 days of receipt.
- Storm door installation voids warranty.
- Recommended cleaning use a damp cloth, no oils, no solvents, no chemicals or direct water.

❖ WARRANTY CLAIM PROCESS:

Upon discovering that the door is defective or fails to conform to this one year limited warranty, the homeowner MUST go to The Home Depot store within 24 to 48 on hours of the date the defect was discovered, and file a Service Request Warranty Claim.

Once Main Door Corporation (or its representative) gets the written claim proof of purchase order number with the homeowner name, phone and address, it will exercise its option to inspect, repair, provide a replacement or refund the homeowner.
