Safest Car Dryer

Our car dryer blower uses warm, dry, filtered clean air to provide an easy and safer drying experience without the chance of scratching your expensive paint or smearing the finish.

Quick Drying

With the powerful clean air produced by the motor, this car air blower can dry your car in the shortest period compared to other traditional methods.

33 FT Long Hose

Our car dryer comes with a 33 feet long self-expanding & retracting rubber hose. It is long enough for you to move around your vehicle and save the effort of moving the car dryer blower itself.

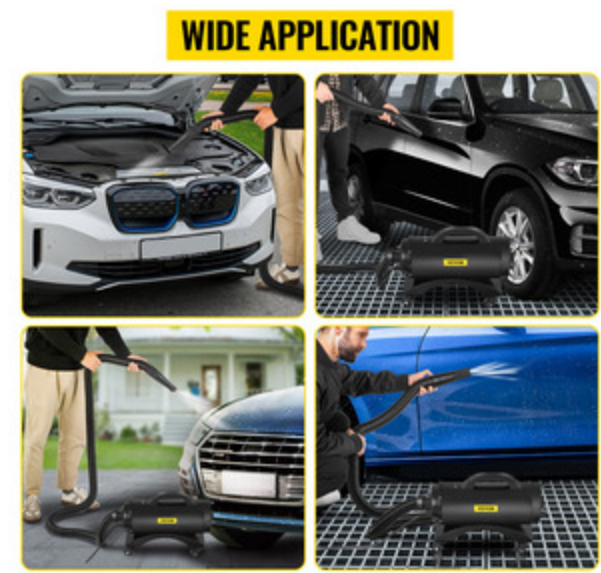

Absolute Control

Our car dryer starts slowly and safely, and you can adjust the level of the air power based on which car parts you are drying so that you can have absolute control of the whole process.

Easy to Use

This car dryer is designed with four swivel casters so that you can move it around your car effortlessly to make sure all area is covered and the non-slip lifting handle also offers you huge convenience.

Wide Application

The car dryer blower has been widely used by many buyers mainly to dry their beloved automobiles, and it can also be used as a tool to clean leaves or dry your lovely pet.
