

Use and Care Manual for the Storage Rolling Cart

Thank you for choosing our high-quality storage rolling cart! To help you use and maintain the cart properly and extend its lifespan, please read the following instructions and care tips carefully.

1. Important Safety Instructions

- **Handle with Care:** Hold the cart firmly when moving, especially when loaded, to prevent tipping or spilling contents.
- **Stable Placement:** Position the cart on a flat, stable surface. Avoid placing it near edges, high foot traffic areas, or where children and pets play unsupervised.
- **Weight Limit:** Do not exceed the recommended weight capacity. Distribute heavy items evenly across shelves/baskets to prevent instability.
- **Temperature Considerations:** Avoid placing the cart near extreme heat sources or in areas with sudden temperature changes to prevent material damage.

2. Usage Instructions

2.1 Preparing the Cart

- **Assembly:** Follow the included instructions to assemble the cart (if required). Ensure all components are securely fastened before use.
- **Initial Cleaning:** Wipe down the cart surface with a soft, damp cloth and mild soap before first use. Rinse gently and dry completely to remove dust or residue.

2.2 Organizing Items

- **Load Distribution:** Place heavier items on lower shelves/baskets to maintain balance and prevent tipping.
- **Secure Placement:** Ensure items are not overhanging the cart edges to avoid falling during movement.
- **Mobility:** Use the cart's wheels (and handle, if equipped) for smooth movement. Engage lockable wheels (if available) when the cart is stationary to keep it stable.

2.3 Daily Maintenance

- **Regular Checks:** Inspect the cart periodically for loose components, damaged wheels, or signs of wear. Tighten fasteners as needed.
- **Content Management:** Avoid overloading individual shelves/baskets to prevent sagging or structural damage.

3. Cleaning and Maintenance Tips

3.1 Regular Cleaning

- **Surface Cleaning:** Wipe the cart frame, shelves, and baskets with a soft, damp cloth and mild detergent. Avoid abrasive cleaners or scouring pads that can scratch surfaces.
- **Deep Cleaning:** For stubborn dirt or stains, use a gentle cleaning solution (e.g., water and vinegar) and a soft brush. Rinse thoroughly and dry immediately.

- **Wheel Care:** Clean wheel axles regularly to remove debris, ensuring smooth rolling. Wipe wheels with a damp cloth to prevent dust buildup.

3.2 Stain and Odor Removal

- **Stain Treatment:** For tough stains, apply a small amount of baking soda paste to the affected area, gently scrub, then rinse and dry.
- **Odor Prevention:** For fabric or porous baskets, air them out periodically. Wipe with a vinegar solution to neutralize odors.

3.3 Storage

- **Empty and Clean:** Before storing the cart, empty all contents and clean thoroughly. Ensure it is completely dry to prevent mold or mildew.
- **Safe Storage:** If not in use for an extended period, store the cart in a dry, covered area. Disassemble (if possible) to save space, and wrap delicate components in a soft cloth.
- **Upright Position:** Store the cart upright to prevent warping or damage to shelves and wheels.

4. Troubleshooting

- **Tipping or Instability:** Ensure the cart is not overloaded and weight is evenly distributed. Check that wheels are locked (if applicable) and the surface is level.
- **Stuck Wheels:** Clean debris from wheel axles. If wheels remain stuck, inspect for damage and contact customer service if replacement is needed.
- **Loose Components:** Tighten all screws, bolts, or fasteners. If parts are damaged or missing, contact customer service for replacements.
- **Sagging Shelves:** Reduce the load on the affected shelf. Avoid placing heavy items on upper shelves if the cart is not designed for it.

5. Disposal

- **Recycling:** Dispose of the cart according to local regulations. Separate metal, plastic, or other materials for appropriate recycling.
- **Responsible Disposal:** Do not discard the cart in areas where it may pose a hazard. Contact local waste management for guidance on proper disposal methods.

Thank you for choosing our storage rolling cart! We hope it brings convenience and organization to your home or space. If you have any further questions, please do not hesitate to contact us.
