Warranty Card

To receive assistance under warranty for the product, please contact us at Nathan_S_Lawson@outlook.com. This will also enable us to keep you up to date with the latest product information, promotional codes and offers (we will never share your details with third parties).

The above warranty periods and warranty services are for reference only and are subject to change. If the warranty card and information supplied with the product does not match the above information, the warranty card and information supplied with the product shall prevail.

The warranty period begins on the date the product is first purchased. To obtain warranty service, the original proof of purchase must be provided and the serial number affixed to the product must be intact.

The warranty covers defects in materials and workmanship. The warranty card and warranty information accompanying the product will state the specific exclusions to the warranty (e.g., defects due to misuse or unauthorized repair of the product) and these exclusions must be checked prior to requesting warranty service.

To obtain warranty service, contact DeckTok using the details in the Contact Us section.
