Shrub

Shrub Type:

Deciduous

Height Category:

Tall

Garden Height:

48 - 60 Inches

Spacing:

60 - 72 Inches

Spread:

48 - 60 Inches

Flower Colors:

Pink

Flower Shade:

Pink

Foliage Colors:

Purple

Foliage Shade:

Black/Purple

Habit:

Upright

Container Role:

Thriller

PLANT NEEDS**Light Requirement:**

Sun

Maintenance Category:

Easy

Blooms On:

Old Wood

Bloom Time:

Early Spring

Mid Spring

Late Spring

Hardiness Zones:

4a, 4b, 5a, 5b, 6a, 6b, 7a, 7b, 8a, 8b

Water Category:

Average

Uses:

Container

Cut Flower

Landscape

Uses Notes:

Shrub borders, grouping, masses, specimen plants, and containers (plant in ground in fall.) This makes an excellent mass planting, and can also be used as a cut flower.

Maintenance Notes:

Prefers well-drained soils but fairly adaptable to other soil types. It is best to prune immediately after flowering. Will flower sporadically on current season's growth. Medium moisture. Fertilize in early spring by applying a slow release fertilizer specialized for trees and shrubs. Follow the label for the recommended rate of application.

Isn't it romantic! Rosy-pink flowers add a touch of romance when displayed against the dark glossy foliage. The foliage is much darker than that of older varieties like 'Java Red'. It contrasts beautifully with the rosy-pink flowers, making for a high impact display in the garden. This variety produces copious amounts of flowers in spring, and will re-bloom throughout the summer. The trumpet-like flowers are adored by hummingbirds! Try using Wine & Roses weigela's colorful branches in flower arrangements. It can also be enjoyed as an accent plant or used for a dramatic mass planting. It is fast growing and trouble free, making it an easy way to add season long color to the garden.
