

ZONE[®] INSECT REPELLENTS

**ZONE
PROTECTS**

ZONE Insect Repellents have been tested across the world and have been proven safe and effective for the whole family including pets. ZONE Insect Repellents use Picaridin which interrupts the mosquito odorant receptor and is the safer alternative to DEET. ZONE Protects and REALTREE[®] have teamed up to bring the hunters and fishers of the world their own special formulated outdoor repellent.
