

# Pro-Twist® & Grip-Rite® Drywall Screws

## Performance and Value Contractors Prefer

When it comes to a drywall job, there is no doubt the Pro-Twist and Grip-Rite brands will be found there. Pro-Twist fasteners are manufactured in Taiwan, tested for hardness, strength and drilling rate applications and consistently perform to the highest expectations. Pro-Twist offers 17 styles of screws, presenting an unrivaled breadth of offering that pros choose time after time.

Grip-Rite fasteners are the choice of value-conscious contractors who want professional results from a brand they know and trust. Grip-Rite drywall screws are a reliable choice for hanging drywall with an offering that includes coarse and fine thread, black phosphate, yellow zinc, zinc-coated steel construction and conformation with ASTM C1003 standards.

**With Pro-Twist and Grip-Rite, contractors can trust they will get the job done right!**

### APPLICATIONS INCLUDE:

- Attaching drywall and gypsum board to light-gauge steel and wood studs
